II. GENERAL GUIDELINES – ELIGIBILITY REQUIREMENTS

A. REGULAR SABBATICAL LEAVE FOR STUDY

- Teachers who are regularly appointed will be eligible to request a sabbatical leave for study after each fourteen years of service. The first fourteen years of service may include a maximum of three years of substitute service for which salary credit was granted.
- Teachers who are regularly appointed will be eligible to request a sabbatical leave. Eligible employees with seven (7) years of appointed service are eligible to request a six (6) month sabbatical. Substitute service cannot be used.
- Elementary school teachers are not eligible for six month study sabbatical. Non-classroom teachers are not eligible for six month study sabbatical.
- All courses for study sabbatical and the project selected for the educational research project must be job-related courses. In addition, the project must be significantly rigorous and must have evident links that translate into improved instructional delivery of content to students. Elementary school teachers must include courses or complete a project that promotes growth in a range of potential assignments, except where the Superintendent determines that a concentrated program of study or project is appropriate. Programs or projects devoted exclusively to literacy are acceptable for all elementary school teachers.
- Courses taken in a foreign country must be at a college or university that is accredited in that country and must be courses that are approved by the New York State Education Department (SED). The employee must include evidence of accreditation with his/her sabbatical application.
- Course descriptions of all sabbatical coursework must include name of institution, date, time and number of credits awarded for each course.
- Research Projects must include a detailed outline of the subject matter.
- On-line and weekend courses are not acceptable. The majority of courses in each semester must be taken during normal Department of Education school hours when employee would otherwise be on duty.
- The Superintendent will review the course-work or project submitted to determine whether it is rigorous, and job-related based upon the above criteria. If the Superintendent determines that the coursework or project fails the criteria, the determination of the Superintendent will be communicated via DOE email to the employee. The employee will then have one (1) week to resubmit by uploading the coursework or project via SOLAS. If the coursework or project is still not acceptable to the Superintendent, the Superintendent should deny the application in SOLAS and HR Connect – Medical, Leaves & Records Administration will be notified.
- Changes to approved original coursework must be submitted to the Superintendent, on the electronic Change of Approved Coursework Form (available in SOLAS), for review and approval. Please be reminded, all communications will be made in SOLAS using your DOE email address.
- Sabbaticals will not be granted if they cause a hardship in any department or subject area. The Superintendent will consult with the appropriate Human Resources Director at the Children’s First Network (“CFN”) to determine whether the particular school will be able to find a replacement for the employee taking the sabbatical.
If the Superintendent determines that it is unlikely that the school will find a replacement, the sabbatical should be conditionally denied. The school should continue to search for a replacement for the employee even after the sabbatical has been denied.

In the event that the school finds a replacement, the employee shall be informed and given the opportunity to register for the same or substantially similar courses. Any course must still be job-related and rigorous.

- The sabbatical cap is 5% of the eligible faculty of any school or organizational unit and includes all sabbatical leaves, except special study sabbatical leaves to achieve state certification.

- School Secretaries, Laboratory Specialists and Technicians hired before July 1, 1985 are eligible for study and health sabbatical leaves. However, School Secretaries, Laboratory Specialists and Technicians hired on or after July 1, 1985 are eligible only for health sabbaticals (effective September 1, 2007).

- A teacher who has rescinded his/her resignation or retirement must provide at least three (3) years of service between the date of reinstatement from a resignation or retirement and the initial date of a subsequent sabbatical leave.

**B. OTHER TYPES OF SABBATICAL LEAVES FOR STUDY**

The only outstanding requirement must be the remaining 16 credits (or fewer) required to achieve state certification. However, a minimum of eight (8) credits are required for a six (6) month sabbatical (the list of current shortage areas appears below):

**SHORTAGE LICENSE AREAS**

Special sabbatical leave for study may be granted to complete certification in one of the following shortage license areas:

**D. APPLICATION REQUIREMENTS FOR SPECIAL STUDY SABBATICALS TO ACHIEVE CERTIFICATION**

Employees will be required to provide a letter from the college or university that they are attending, or a statement from the New York State Education Department (SED) confirming that they have met all other requirements except the remaining 16 or fewer academic credits needed to achieve certification. Individuals awarded special study sabbaticals will be required to submit their documented proof of enrollment in an appropriate academic program at an accredited college or university. Documentation must be submitted prior to the commencement date of the sabbatical, confirming that the employee has registered for 16 credits for the entire school year or eight (8) credits for a semester.

**OTHER PROVISIONS FOR SPECIAL STUDY SABBATICALS**

- An individual who receives this special sabbatical leave of absence for study will commit to completing New York State Certification requirement and will accept an assignment to teach in the license area within the NYC Department of Education for a minimum of two (2) years.
• Special study sabbatical leaves are not subject to the 5% percent cap, but will count in determining eligibility for any future sabbatical.

• For State Certification in Mathematics, all coursework must relate to mathematics and mathematics instruction. For example, courses such as Understanding Numeracy, Problem Solving Techniques for Math Students, Math Analysis, Algebra or Statistics would relate to mathematics and mathematics instruction.

• The substitute service creditable toward sabbatical leave eligibility may be applied to a twelve month special sabbatical leave of absence for study. In addition, such substitute service, if otherwise creditable toward sabbatical leave eligibility, shall not be lost or diminished as a result of taking a six month special sabbatical leave of absence for study.

TUITION FORGIVENESS

The Department is reviewing funding sources for possible future tuition reimbursement. Should funds become available, it is anticipated that priority would be given to employees in shortage license areas.

DIVISION OF HUMAN RESOURCES ROLE IN THE SPECIAL STUDY SABBATICAL PROCESS

The Division of Human Resources will review applications and accompanying college or SED documentation submitted. Employees’ service records will be reviewed to determine if they possess sufficient time to be eligible for sabbatical, that the employee has met all requirements except the 16 academic credits or less and that the study is in an area of license shortage.

2. EDUCATIONAL RESEARCH PROJECT

For either a six month or twelve month sabbatical for educational research, the employee must prepare and complete a research project in education that must be job-related, as set forth in Section I-A.

The employee must attach to each copy of the application:

• A copy of the proposed scope and subject of the research project, along with a proposed outline of procedures that will be followed and activities undertaken toward completion of the project.

• Separate approvals by the Principal and the Superintendent, in writing, that the research project is rigorous, educationally sound and job-related.

After the project has been completed, the employee must file a copy of the completed product of the research (e.g., research paper, book, film/video production, etc.) with the Principal, the Superintendent and HR Connect-Medical, Leaves and Records Administration.

3. ONE YEAR STUDY SABBATICAL FOR PARTICIPATION IN THE “CONSTITUTION WORKS” PROGRAM

A one year sabbatical leave spent as an Education Administrative Staff Associate at The Constitution Works of New York City is the equivalent of a one year study sabbatical spent at a college or university. The Constitution Works, located at Federal Hall National Memorial in lower Manhattan, is an educational program in American history and government that prepares young people from schools throughout New York City to exercise their responsibilities and rights as citizens.

The program will accept one sabbatical applicant from the New York City public schools for the August 1, 2015 through July 31, 2016 sabbatical period. The candidate selected will receive training and participate as a full-time Education Administrative Staff Associate, conducting teacher workshops and student role-plays, managing a field test of a new curriculum unit and assisting with a variety of educational and administrative duties. The program combines elements of museum education and classroom teaching and serves teachers and students in grades five through twelve.

Interested applicants must apply in writing to The Constitution Works program, as well as apply to the New York City Department of Education for a one year study sabbatical. For further information, contact the program at (212) 785-1989. Applications are subject to timelines and criteria of this program.

D. RETURN FROM STUDY SABBATICAL LEAVE FOR STUDY REQUIREMENTS

All individuals must satisfy the following commitments, as applicable, or be liable for repayment of the salary for the sabbatical period to the NYC Department of Education:

• After completion of sabbaticals of six months, employees must return and perform a minimum of one (1) year of service in the NYC Department of Education.

• After completion of sabbaticals of one year, employees must return and perform a minimum of two (2) years of service in the NYC Department of Education.

• An individual who receives the special sabbatical leave of absence for study will commit to completing certification requirements. If a new assignment is secured to teach in the license area, that assignment will be for a minimum of two (2) years in the NYC Department of Education.

• Upon completion of all study sabbaticals, an official transcript or final research project must be submitted to the HR Connect-Medical, Leaves & Records Administration, Attn: Transcript Evaluator, 65 Court Street, Room 201, Brooklyn, NY 11201, no later than September 30, 2016.

Applications should also be included for those persons whose applications exceed the 5% percent cap of sabbaticals permitted.

School Secretaries, Laboratory Specialists and Technicians appointed on or after July 1, 1985 are not included in the total number of staff for this purpose.
