# GENERAL INFORMATION

The UFT Welfare Fund Participating Dentist Program is designed to provide you with comprehensive dental services while reducing or eliminating your out-of-pocket expenses.

If you or a member of your family who is covered by our dental benefits wish to use a Participating Dentist, select one from this Directory and call for an appointment. Updated listings are also available at [www.uftwf.org](http://www.uftwf.org). Be sure to identify yourself as an eligible member of the United Federation of Teachers Welfare Fund.

When you obtain your services from a Participating Dentist it does not in any way change the nature of your dental plan. Plan allowances are the same for services provided by a participating or non-participating dentist. However, if you use a Participating Dentist, the Fund will pay your dentist directly. If you use a non-participating dentist, the Fund will pay up to the maximum allowance set forth in the dental schedule and you will be responsible for the difference between that allowance and your dentist's charge.

You will not be required to pay the dentist any money except in the following few instances.

*For a covered, but non-reimbursable service.*

There are services listed in the dental schedule which, at times, are not payable by the plan. For example: restorations for cosmetic improvement; services for which the Alternate Benefit Provision is applied; where frequency limitations and/or plan maximums have been met. In these instances the Participating Dentist may not charge more than the Dental Schedule would have paid for those services, plus any applicable co-payments.

*For a specified co-payment.*

You are responsible to pay the dentist the patient co-payment amount listed in the Dental Schedule for certain high-cost services (crowns, bridges, dentures, root therapy, orthodontic treatment, intravenous anesthesia and treatment appliances).

*For a non-covered service.*

The Participating Dentist will offer a 20% discount off his/her usual and customary charges or the provider's negotiated fee for procedures that are not covered by the Dental Plan.

If you are eligible for dental benefits under another group dental plan in addition to the UFT Welfare Fund Dental Plan, the dentist is entitled to the benefits available from both plans. The combined payment for any procedure may not exceed the dentist's usual and customary fee, and payment from the second plan will be applied first to reduce or eliminate any co-payments.

Maintaining high standards of care and patient satisfaction is fundamental to the success of this program. To help in this regard, please complete a Member Satisfaction Questionnaire.

If you need any help or have questions, concerns or suggestions regarding the program, please contact:
