SESSION 2: 11:00 A.M.–12:30 P.M.

A. Bullying

A dynamic presentation on how families and students can work together effectively to find solutions to bullying. Participants will leave the workshop with new insights and useful tools.

B. Social Media & Cyberbullying

Many young people have never experienced a world without the Internet. Find out about the risks of the worldwide web and how to keep your child's online time healthy and constructive.

C. If Not College, What?

Your child is graduating from high school but is not pursuing a college experience. Learn about the many career, technical, business and trade opportunities available that can lead to meaningful employment.

D. Arts in the Schools

An overview of arts in the New York City public school system, followed by an interactive workshop led by Sundog Theatre that will demonstrate how integral the arts are to the learning process. Activities will show how the arts promote confidence, team building, self-esteem and a connection to the curriculum.

E. Enrichment For All Students

Enrich your child's education by taking advantage of free or inexpensive resources throughout the city. Learn about stimulating educational activities and day trips that enhance children's learning and are available after school or on weekends and vacations.

F. Stress Management

This workshop is designed to help you identify the stressors in both your life and your child's life and learn stress management techniques for a happier, healthier existence.
