Building Academic Vocabulary for English Language Learners

If one of your goals is to improve student comprehension of academic content, then academic vocabulary instruction must play a major role in your lessons each day. In his book, ***Building Academic Vocabulary Teacher's Manual***, Robert J. Marzano says that, "People's knowledge of any topic is encapsulated in the terms they know that are relevant to the topic."

In this presentation, Stu Tuchfeld, ELL Specialist, will use Heinle's New **Milestones** program to demonstrate how to teach **Academic Vocabulary** to English Language Learners. Those attending will receive samples of this innovative program.

ADMISSION TO WORKSHOP IS BASED ON PRE-REGISTRATION DUE TO SPACE LIMITATIONS. SAME DAY REGISTRANTS CANNOT BE GUARANTEED SAMPLES.
