### Help Me Find a Home

Match the **animal** to the **home** so that the two numbers sum to 20.

- 🐾 Did all of the animals find a home?
- 🐾 How many cats found a home?
- 🐾 How many dogs found a home?
- 🐾 How many cats did not find a home?
- 🐾 How many dogs did not find a home?
- 🐾 Where can the animals that did not find a home be taken care of until they find a home?

**Activity: Help Me Find a Home (Teacher Copy)**

Students learn that all pets do not find homes and are introduced to animal shelters as a place where companion animals should be taken if they are lost and/or need to find a new home. Students match the cats and dogs to homes so that the numbers add up to 20.

Include the name, location and phone number of your local shelter in the lesson. Explain that if students encounter a lost or abandoned animal, they should ask an adult to call the local shelter or animal control facility. Children should never approach or touch an animal they do not know. Let students know that the animal shelter is a place to look if your family has decided to bring a new pet into the home.

Please review these questions with your students. The following questions are provided on the student handout.

- 🐾 Did all of the animals find a home?
- 🐾 How many cats found a home?
- 🐾 How many dogs found a home?
- 🐾 How many cats did not find a home?
- 🐾 How many dogs did not find a home?
- 🐾 Where can the animals that did not find a home be taken care of until they find a home?
