Lesson Study Cycle

**Reteach & Observe**
- Reteach the refined lesson, preferably by another teacher in the study group.
- Complete the process again and plan next steps.

**Plan**
- Select a focus.
- Determine a goal or goals.
- Collaboratively plan the lesson linked to a predetermined goal.

**Share & Refine**
- Post-lesson discussion focusing on student learning outcomes.
- Engage in collective inquiry and reflection.
- Make adjustments to the lesson as needed.

**Observe**
- Lesson is taught by one teacher.
- Other teachers write low inference notes.
