Common Planning as Professional Activity Assignment

(District/School Name)

(School Year)

Contract Article 7:

By April 15th of each year, the principal, in consultation with the chapter leader, determines the number of positions and the qualifications and responsibilities for each professional activity listed on the menu. Once the menu has been agreed upon, Teachers shall select each spring in priority order, three (3) activities from the menu they want to participate in for the following school year. To the extent possible each teacher shall receive one of the three (3) activities for the following school year. If this is not possible, the teacher will be given the opportunity to select three (3) additional choices, one of which will be granted, subject to qualifications, and unless sufficient teachers do not choose a particular activity. If sufficient teachers do not choose a particular activity with any of their six (6) choices, the Principal will assign teachers to these activities on a rotational basis in inverse seniority order with no teacher being involuntarily assigned to an administrative activity for consecutive years.

SBO:

Teachers at (school) will be assigned common planning as their professional activity each day. Common planning shall not require the submission of minutes, unit plans, goals, or any other paperwork that could, in any way, be construed as an accountability measure related to common planning.

I want (school) to modify the contract via SBO in the above way.
