

Principals Digest Edition November 16, 2021

[Additional Resources for Special Education Recovery Services](#)

SPECIAL EDUCATION

As announced in the November 2 edition of Principals Digest, schools are expected to leverage the new staffing flexibilities to begin providing special education recovery services (SERS) as soon as possible, but no later than **December 6**. For families who express concern about their child's ability to benefit from remote recovery services, in person recovery services should be provided to the greatest extent possible and your BCO administrator of special education (ASE) should be contacted for support as needed. For additional support for students who require an alternative to the recovery services offered, schools and families should email sers@schools.nyc.gov.

Additionally, the posting template for hiring SERS supervisors, is available on the [Special Education Guidance InfoHub page](#).

For questions, email sers@schools.nyc.gov.
