

**SBO Ballot**

**Change from 7-period to 8-period day (Elementary School)**

**(District/School)**

**(School Year)**

**Contract Article 7:**

Teachers in eight period per day schools must select a professional or administrative activity in accordance with the provisions of this section and Article 7U (Professional Activity Assignment Procedures). This provision shall not create an additional teaching period, as that term is defined in the Collective Bargaining Agreement.

We currently have a 7-period school day, meaning each week consists of:

25 teaching periods

5 preparatory periods

5 duty-free lunch periods

0 Professional Periods

**SBO:**

The SBO would change our daily schedule to 8 periods, meaning each week consists of:

29 teaching periods

5 preparatory periods

5 duty-free lunch periods

1 professional period

And this would be our daily schedule: Include start and end time of each period (Bell Schedule)

This type of SBO does not sunset at the end of the school year. A move back to a 7-period day would require another SBO.

**I want (school) to modify the contract as stated above.**
