

United Federation of Teachers  
*A Union of Professionals*

May 2019

Dear Chapter Leader:

It's the time of year to honor your school's graduating students who have distinguished themselves by outstanding achievement in the various subject areas.

The UFT's Officers and the Chairpersons of the Professional Committees have a long tradition of supporting and rewarding excellence in academic achievement. The UFT is pleased to join you in this time of recognition, by providing the enclosed award certificates. They should be presented to the most deserving students in each subject area.

We are confident that you and your colleagues will use your professional judgment in setting the selection criteria for those students being honored.

Additional certificates are made available to you through:

- a) a link in your "Chapter Leader Updates", beginning last week of May to middle of June.
- b) your Borough Office - please contact your Borough Office.
- c) In the event that your Borough Office runs out of supply, you may call the UFT Professional Committees Office at 212-598-7772 to find out whether more copies can be made available.

In Solidarity,

George Altomare, Director  
UFT Professional Committees

Michael Mulgrew, President  
United Federation of Teachers
