<http://www.uft.org/teaching/mail-registration-coupons>

"E" COURSES

NYSUT/ELT REGISTRATION

For all "E" Courses, students must now register online.

To register for a course please use the following directions:

- Go to www.nysut.org/elt
- Click on **"Search Course"** located on the left-side tool bar.
- To locate the course you wish to register, for you can:
 - Type **UFT Code number** (ie E10.1) in the Search Terms Box; or
 - Select **"New York City"** from the drop down box (located under Search Terms Box and has a magnifying glass symbol)
- Select your course and click the **"ENROLL"** button at the bottom.
- Returning users should use their existing accounts (if previously set up by the UFT, your log in is your email address and your password is "nysutelt").
- New users will create a new account in MLP.
- Credit cards will be charged two weeks prior to the start date of the course.

**REGISTRATION
DEADLINE**
Sept. 7, 2017

REGISTRATION PROCEDURES

"T" COURSES

REGISTRATION FEE: \$50 payable by check or money order. UFT members can also use a credit card (Visa or MasterCard only). No cash will be accepted. Registration fees are never refundable unless the UFT Course Program cancels the course. Use the registration coupon on left.

TUITION PAYMENT: Due at the first class meeting, payable by check, money order or credit card. Visa and MasterCard are accepted by Brooklyn College, College of Mount Saint Vincent, New York Institute of Technology and Touro College. No cash will be accepted.

WITHDRAWALS: Participants wishing to withdraw from "T" courses before the first class must notify the UFT Course Program in writing. Once classes begin, participants must notify the college in writing to avoid academic consequences. Refunds are made at the college's discretion.

ONLINE REGISTRATION: Available for UFT members only through the union's website: www.uft.org. Registration fees may be charged to a valid Visa or MasterCard. The UFT Course Program is not responsible for any errors in online registration. If you are having difficulty registering, please call 1-212-475-3737 for assistance.

BILLING ISSUES:

Call a UFT Course Program assistant at 1-212-475-3737 during business hours.

"E" COURSES

REGISTRATION FEE: Credit-card payments will be accepted only for the TOTAL tuition (including \$50 non-refundable fee), which will be charged two weeks prior to course start date.

TUITION PAYMENT: Tuition for graduate courses is \$800 per 3-credit course, which includes the registration fee. (Tuition for undergraduate courses varies.) Students must register online at NYSUT's Web site — www.nysut.org/elt — by credit card (American Express, Discover, MasterCard or Visa).

TEXTBOOKS for ELT courses must be purchased before the class start date directly via a bookstore of the student's choice. For a list of required texts, please visit www.nysut.org/elt.

ONLINE COURSES require payment to be made in full at the time of registration. No refunds can be made once the course begins.

WITHDRAWAL & REFUND POLICY:

If a course is canceled by ELT, all paid tuition is 100% refundable.

Withdrawing from classroom courses:

- Participants who withdraw prior to the course start date will be charged a \$50 administrative fee.
- Participants who withdraw at the end of the first class will receive a refund of paid tuition less the \$50 administrative fee.
- Participants who withdraw prior to the course start date must send an email to NYSUT ELT at eltmail@nysutmail.org or a fax to (518) 213-6456.
- Participants who withdraw at the end of the first class must inform NYSUT ELT (see above) as well as their instructor.
- No refunds will be given after the second class.

Withdrawing from online courses:

- Participants who withdraw prior to the course start date will be charged a \$50 administrative fee.
- Participants who withdraw within the first two weeks of class will be refunded half of paid tuition.
- Participants who withdraw prior to the course start date must send an email to NYSUT ELT at eltmail@nysutmail.org or a fax to (518) 213-6456.
- Participants who withdraw at the end of the first class must inform NYSUT ELT (see above) as well as their instructor.
- No refunds will be given after the second week.

IMPORTANT NOTICE REGARDING DEGREE & CERTIFICATE PROGRAMS

Descriptions of degree and certificate programs have been provided to the UFT Course Program by the collaborating colleges or universities. Any problems, issues or concerns regarding this information or your academic status must be addressed there and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

IN-PERSON REGISTRATION

For your convenience,
WE URGE YOU to register
by mail or online.
Advisement and walk-in registration
will be held at UFT headquarters
only on this date:

Thursday, Sept. 7, 2017
3:30–6 p.m.
(52 Broadway, Manhattan)

NOTE:

All registration by mail must
be received or postmarked by
Thursday, Sept. 7, 2017.

Copies of the *New York Teacher* containing
the educational supplement are available
at UFT headquarters and borough offices,
and online at www.uft.org.

HOW TO GET HERE*

UFT Headquarters, at 50/52 Broadway, is easy
to get to from all parts of the city and just a few
blocks from many subway and bus lines.

- SUBWAY**
- 4 or 5 to Wall St.
 - 2 or 3 to Wall St.
 - R to Rector St.
 - J or Z to Broad St.
 - 1 to Rector St.

- BUS**
- M5 to Wall St.

* For the latest travel information
from Metropolitan Transit Authority,
dial 311 or 1-718-330-1234,
or visit www.mta.info.

If you are a person with a
disability and need special
accommodations, please notify us
in writing during registration.

COLLEGE FAIR

Thursday, Sept. 7, 2017 • 4-6 p.m.

UFT Headquarters, 52 Broadway, Manhattan

The UFT Course Program and the NYSUT Education and Learning Trust invite you to reserve this important date to meet with representatives of most sponsoring colleges offering master's degree programs for teachers.

Explore all the available opportunities in low-cost, conveniently located courses leading to degrees in education, liberal studies, literacy, technology, TESOL, professional studies and educational administration.

At this college fair we have invited representatives from Brooklyn College, College of Mount St. Vincent, Mercy College, New York Institute of Technology, and Touro College to participate and provide information about the different programs and answers to your questions. Application packets will also be available.

All about CERTIFICATION

To answer any questions about your certification, you first must know the type of certificate you currently hold. You'll find that by checking the face of your state certificate. First-year teachers can consult a recent New York City Department of Education (DOE) e-mail that clearly identifies individual appointment, licensing and certification details, including codes and dates.

TYPES OF CERTIFICATES

Here are the most common types of certificates New York City teachers hold:

INITIAL CERTIFICATE. This is the entry-level certificate. With this certificate, you have five years from the issue date to complete the following requirements for a professional certificate:

- ◆ A master's degree;
- ◆ 12 graduate credits in the certificate area's content core or a related field (if your master's degree is pedagogical, this 12-credit requirement is already met by the program);
- ◆ Three years of full-time teaching experience;
- ◆ One year of mentored experience; and
- ◆ U.S. citizenship or permanent residency.

PROFESSIONAL CERTIFICATE. With this advanced certificate, you have met all current state requirements. However, even after you achieve your professional certificate, the SED requires you to complete 100 hours of professional development (20 hours per year) within five years of the issue date to keep your certificate valid. The five-year cycle will repeat for as long as you wish to maintain your certificate. Although school professional development is not CTLE approved, know that DOE is an approved provider and all professional opportunities inside and outside of your school building provided by the DOE will count towards you 100 hours. The UFT and UFT Teacher Center are also CTLE providers. For more information please visit: www.highered.nysed.gov/tcert/resteachers/CTLEsponsors.html. Make your plans for meeting this requirement a part of your professional conversation with your principal before starting to track your hours and collect your CTLE certificates.

PERMANENT CERTIFICATE. This is the advanced certificate for license holders who were certified in (1) classroom teaching prior to Feb. 2, 2004; (2) administrative and supervisory certificate titles prior to Sept. 2, 2007; and (3) pupil personnel certificate titles.

SPECIAL SITUATIONS

Under special circumstances, the SED may issue temporary certificates to candidates who do not meet all the qualifications for an initial certificate but who fill a specific educational/recruitment need. Here are a few examples:

TRANSITIONAL A CERTIFICATE. Districts that need teachers in specific technical or vocational fields may offer this temporary certificate to candidates who have related work experience but who do not meet all the requirements for an initial certificate. With this certificate, you have three years from the issue date to complete the requirements for a career and technical education initial certificate. For details on those requirements, call an educational liaison in your UFT borough office or UFT Certification Services at 1-212-420-1830. ►►

TRANSITIONAL B CERTIFICATE. This temporary certificate is issued to those enrolled in an alternative teacher certification program, such as Teaching Fellows. The college in which you are enrolled for the master's degree under this alternative teacher certification program is responsible for recommending you to the SED for a Transitional B certificate.

To ensure that you will fulfill the state mandates as a “highly qualified” teacher, it is very important that the title of your Transitional B certificate matches: a. the master's program in which you are enrolled; and b. the teaching position for which you were hired. You have three years from the issue date of your Transitional B certificate to complete your master's degree and fulfill any test and requirements for the initial or professional certificate. When you have done so, your college must recommend you for either the initial or professional certificate, whichever pertains. You must log into your TEACH account to apply for your Trans B and successive certificates.

INTERNSHIP CERTIFICATE. Students enrolled in an approved graduate teacher education program may qualify for this certificate, provided they have completed half of the program's credit hours. The graduate school has to request this certificate for you and it allows you to teach full time in a position that matches the certificate title. You have two years to complete your course and test requirements for the initial certificate; in addition, your college must recommend you for the initial certificate. You cannot renew or extend your Internship Certificate. In order for you to be hired under an internship certificate, the city requires you to have passed all exams except

BECOMING CERTIFIED

Individuals applying for certification
on or after May 1, 2014
must pass the following
New York State Certification Exams:

- ◆ **THE TEACHER PERFORMANCE ASSESSMENT (edTPA):**
The edTPA is a portfolio based assessment for preservice teacher candidates, i.e., those individuals seeking their first New York State teaching certificate. Individuals taking the edTPA are required to complete a 20-minute video segment of themselves teaching K-12 students.
- ◆ **EDUCATING ALL STUDENTS (EAS):**
This examination is designed to assess if an individual possesses the professional and pedagogical knowledge and skills to teach all students effectively in New York State public schools. The EAS tests knowledge of how to use research-validated instructional strategies; knowledge of legal, ethical and professional responsibilities in educational settings; and the importance of parent/guardian involvement in a child's education.
- ◆ **REVISED CONTENT SPECIALTY TESTS (CST):**
The revised examinations will focus on knowledge of the NYS Learning Standards associated with the candidate's subject specific teaching certification area, as well as the P-12 Common Core Learning Standards in English language arts and literacy and mathematics.

All New York City teacher certification examinations are offered year-round through computer-based testing. Visit www.nystce.nesinc.com to find test sites and to register.

Remember that no certificate is issued automatically. Once you complete your requirements, you have to apply to the SED online. Visit the web page of the Office of Teaching Initiatives: www.highered.nysed.gov/tcert.

Check your TEACH online account for the documents you need to submit together with your application fee. Make copies of everything before you send them in. Mail your packet “Return Receipt Requested” and file the receipt with the copies of your paperwork.

Since it takes time to process your application, it's a good idea to complete all your requirements early and to apply at least six months before your provisional or initial certificate expires.

Also, if you move, remember to notify the DOE, the SED and the UFT about your change of address. Otherwise you may not receive mailed notices or certificates and may miss important deadlines or other vital information.

**Remember, when in doubt,
reach out to an educational Liaison
in your UFT borough office or
a certification specialist
at UFT Certification Services:
1-212-420-1830.**

HOW TO USE THIS CALENDAR

Read each course listing carefully. Note the day of the week the course runs on, the starting date and the number of sessions scheduled. Then, in the table below, find that day of the week and follow the dates that are listed in its column.

For example, a Tuesday course that starts on 9/19 and runs for 12 sessions will meet on:

**9/19, 9/26, 10/3, 10/10,
10/17, 10/24, 10/31, 11/7,
11/14, 11/21, 11/28, 12/5**

If a course doesn't follow this schedule, a note will be included in the description.

NOTE:

**NO CLASSES WILL
BE HELD ON THESE DATES:**

ROSH HASHANAH:
SEPT. 20 – 22, 2017

YOM KIPPUR:
SEPT. 29 – 30, 2017

COLUMBUS DAY:
OCT. 9, 2017

TEACHER UNION DAY:
NOV. 5, 2017

VETERANS' DAY:
NOV. 11, 2017

THANKSGIVING RECESS:
NOV. 22 – 26, 2017

WINTER RECESS:
DEC. 22, 2017 – JAN. 2, 2018

MARTIN LUTHER KING, JR. DAY:
JAN. 15, 2018

ATTENTION, TOURO COLLEGE STUDENTS:

In addition to the dates listed above, Touro College courses will NOT meet on:

OCT. 4, 5, 6, 11, 12 and 13, 2017

Touro courses do not meet on Friday evenings or Saturdays.

GENERAL INFORMATION

Please read carefully and keep as a reference

REGISTRATION PROCEDURES

"T" COURSES

REGISTRATION FEE: \$50 payable by check or money order. UFT members can also use a credit card (Visa or MasterCard only). No cash will be accepted. Registration fees are never refundable unless the UFT Course Program cancels the course. Use the registration coupon page 2.

TUITION PAYMENT: Due at the first class meeting, payable by check, money order or credit card. Visa and MasterCard are accepted by Brooklyn College, College of Mount Saint Vincent, New York Institute of Technology and Touro College. No cash will be accepted.

WITHDRAWALS: Participants wishing to withdraw from "T" courses before the first class must notify the UFT Course Program in writing. Once classes begin, participants must notify the college in writing to avoid academic consequences. Refunds are made at the college's discretion.

ONLINE REGISTRATION: Available for UFT members only through the union's website: www.uft.org. Registration fees may be charged to a valid Visa or MasterCard. The UFT Course Program is not responsible for any errors in online registration. If you are having difficulty registering, please call 1-212-475-3737 for assistance.

BILLING ISSUES: Call a UFT Course Program assistant at 1-212-475-3737 during business hours.

"E" COURSES

REGISTRATION FEE: *Credit-card payments will be accepted only for the TOTAL tuition (including \$50 non-refundable fee), which will be charged two weeks prior to course start date.*

TUITION PAYMENT: Tuition for graduate courses is \$800 per 3-credit course, which includes the registration fee. (Tuition for undergraduate courses varies.) Students must register online at NYSUT's Web site — www.nysut.org/elt — by credit card (American Express, Discover, MasterCard or Visa).

TEXTBOOKS for ELT courses must be purchased *before the class start date* directly via a bookstore of the student's choice. For a list of required texts, please visit www.nysut.org/elt.

ONLINE COURSES require payment to be made in full at the time of registration. No refunds can be made once the course begins.

WITHDRAWAL & REFUND POLICY:

If a course is canceled by ELT, all paid tuition is 100% refundable.

Withdrawing from classroom courses:

- Participants who withdraw prior to the course start date will be charged a \$50 administrative fee.
- Participants who withdraw at the end of the first class will receive a refund of paid tuition less the \$50 administrative fee.
- Participants who withdraw prior to the course start date must send an email to NYSUT ELT at eltmail@nysutmail.org or a fax to (518) 213-6456.
- Participants who withdraw at the end of the first class must inform NYSUT ELT (see above) as well as their instructor.
- No refunds will be given after the second class.

Withdrawing from online courses:

- Participants who withdraw prior to the course start date will be charged a \$50 administrative fee.
- Participants who withdraw within the first two weeks of class will be refunded half of paid tuition.
- Participants who withdraw prior to the course start date must send an email to NYSUT ELT at eltmail@nysutmail.org or a fax to (518) 213-6456.
- Participants who withdraw at the end of the first class must inform NYSUT ELT (see above) as well as their instructor.
- No refunds will be given after the second week.

• **Course listings are grouped by category:** master's degree programs; certificate programs; post-master's programs; graduate general education; graduate special education; graduate online education; and undergraduate. Subject areas are arranged alphabetically in each category. There are also separate listings for secretaries; paraprofessionals; UFT workshops on child abuse recognition, the needs of children with autism, and violence prevention; free UFT-sponsored stress-management workshops (Spring and Fall semesters only); and the Peer Intervention Program for tenured members who need one-on-one help in perfecting professional skills.

• **The UFT Course Program and the NYSUT Education and Learning Trust** offer master's degree courses in education from various area colleges to assist teachers in obtaining initial and professional/permanent certification. See the "Master's Degree Programs" section beginning on page 7.

• **Use a separate registration coupon for each course you select.** If you want to register for more than one course, duplicate the appropriate program's blank registration coupon. It is important to designate a second choice on registration coupons in case your first course/section has been fully registered or canceled.

• **Be sure to write the course title, UFT course code, the college number and the class meeting location** on your registration coupon. This will help minimize errors. The UFT code is in a column immediately below each course description. The college number is included at the beginning of each course description. Remember that each course needs a separate registration coupon; duplicate the appropriate program's blank coupon if you are taking more than one course.

• **Colleges and universities will not allow students to continue as non-matriculants** after 6, 9 or 12 credits, depending on their policies. Please check by calling the college's education department. If you are seeking a master's through the UFT Course Program, this information is listed in the college description under "Master's Degree Programs" beginning on page 7 of this catalog.

• **Registration fees are not refundable** unless the course is canceled by the UFT Course Program.

• **Although we urge you to register online or by mail**, in-person registration will be accepted at UFT Headquarters in Manhattan on specific dates. See page 3 for dates, times and locations.

• **The deadline for receipt of registration fees and coupons is Thursday, Sept. 7, 2017.** Keep a copy of your registration coupon for your own records.

• **Some courses may have different meeting times and dates.** Please read all starting dates carefully. Instructors will provide a course schedule at the first class meeting.

• **Course schedules and offerings are subject to cancellation** based on registration.

• **If you drop a course after attending the first session**, a portion of your tuition may be refunded after the UFT Course Program and the college offering the course receive written notification of your decision. The refund will be prorated in accordance with the established college/program policy. Processing refunds takes at least six weeks.

• **Bounced checks for tuition payments** will be returned by banks with an administrative fee set by the individual college/program. To maintain registration in the course, replacement payments must be made immediately with a certified check or money order only.

• **Photo ID is required** for admission to courses at public schools and UFT borough offices.

Photo ID is required for admission to courses at public schools and UFT borough offices.

READ CAREFULLY

All teachers seeking to matriculate in any college's master's degree program must apply directly to the college, meet all requirements and be accepted by that college.

Each college has discretion over which courses, if any, will be accepted toward one of its master's degrees, and also how many courses students are required to take on campus.

A college may or may not accept UFT-sponsored courses that are not part of a particular master's degree program. Be sure to check with the college so that your efforts are not wasted.

The master's degree descriptions listed here are presented to highlight each particular program's requirements, but are not meant to substitute for the college's own catalog.

It is highly recommended that you obtain a college catalog for admission policies and procedural information.

If tuition is not paid before or at the first class, some colleges impose a late fee. This may be up to \$100 or more, and is determined by each college's policy.

HOW TO GET IN TOUCH

The UFT Educational Programs, including NYSUT/ELT and the UFT Course Program, are located at 52 Broadway (near Wall Street), New York, NY 10004. Please direct all mail and inquiries to that location.

You can also call 1-212-475-3737 and ask to speak with a NYSUT/ELT or UFT Course Program assistant. Please have the following information ready when you call: UFT code, title and location of your course.

For specific information on degree or certificate programs, please consult the college's catalog and call the contact person listed at the UFT Course Program, NYSUT/ELT or the participating college.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

NOTE: All courses, locations, dates, times and tuitions may change without notice. The UFT Course Program strives to offer the most current information available before each issue's publication deadline, but cannot be held responsible for any later changes.

PROMOTING PROFESSIONALISM

UFT Educational Programs lead the way

When it comes to expanding the knowledge and skills of UFT members, no one does it better than the UFT Educational Programs. They include:

- **UFT Teacher Center.**
- **NYSUT Education and Learning Trust.**
- **UFT/Department of Education Peer Intervention Program.**
- **UFT Stress Management Workshops (Spring and Fall semesters only).**
- **UFT TeacherLine.**
- **Mandated Workshops on:**
 - **Child Abuse Recognition.**
 - **The Needs of Children with Autism.**
 - **Violence Prevention.**
- **Dignity For All Students Act (DASA): Training in Harassment, Bullying, Cyberbullying, and Discrimination in Schools: Prevention and Intervention**

The NYSUT Education and Learning Trust and the UFT Course Program offer a wide variety of no-nonsense, hands-on, credit-bearing courses taught by savvy classroom teachers at sites citywide. These courses can be used to meet state certification, to achieve salary differentials or to enhance your professional growth.

The UFT Teacher Center also has school-based consultants who provide day-to-day professional support in schools throughout the city. Through local resource centers full of instructional materials, they work with individual UFT members as well as with programs and entire schools, providing workshops, planning sessions, coaching and other support activities.

New York State requires all teachers who are seeking initial certification to take four workshops. One is on recognizing the signs of child abuse and learning how to report it. Another is on preventing violence in schools. And the third is on the needs of children with autism. See pages 37-38 for information and workshop listings.

Knowing how tough it can be getting through a day in our schools, the union's Stress Management Workshops provide tuition-free courses for members (Fall and Spring semesters only).

Finally, the union worked long and hard with the NYC Department of Education to create the Peer Intervention Program through a section in our contract. PIP helps tenured, appointed teachers improve their classroom skills with confidential, one-on-one assistance in participants' own schools. Admission is by application only. See page 39 for details and coupon.

IMPORTANT NOTICE TO ALL TEACHERS APPLYING FOR NYS INITIAL CERTIFICATION

In addition to other regulations, the state requires teachers to attend workshops on:

- **Child Abuse Recognition And Reporting** (two hours)
- **The Needs of Children With Autism** (three hours)
- **Violence Prevention** (two hours)
- **Dignity for All Students Act** (six hours)

GETTING CREDIT

Here are answers to several common questions the UFT Course Program receives:

- Graduate courses may be taken only for graduate credit. In-service courses may be applied only toward salary differentials. In-service courses are solely accessible through the Department of Education's After-School Professional Development Program website: <http://schools.nyc.gov/teachers/asdpdp>. The NYC Department of Education will not grant credit for any in-service courses taken outside New York City.
- If you are in a master's or doctoral program, you should check with your college to verify that it will accept particular courses in this educational supplement for credit toward your degree.
- **Only the NYS Education Department can tell you which of these courses will meet your individual certification requirements.** Although the state has approved all of these courses, that does not mean that every course will satisfy your particular requirements, so we urge you to contact the State Education Department at 1-518-474-3901 or TCERT@mail.nysed.gov.
- The NYS Education Department often updates certification requirements. Most classroom teaching certificates require three semester hours in methods of teaching reading. Many require additional semester hours in teaching literacy skills. Each individual evaluation form will give the amount of literacy course work required beyond the three semester hours needed in methods of teaching reading. You may select reading courses listed in this catalog.
- Although all of these graduate-level courses carry college credit, courses offered by the UFT Course Program do not, in and of themselves, lead to a graduate degree, with these exceptions:

COLLEGE OF MOUNT SAINT VINCENT

MS in TESOL

MERCY COLLEGE

MS in Education
MS in Teaching Literacy
MS in Teaching TESOL

NEW YORK INSTITUTE OF TECHNOLOGY

MS in Childhood Education, Grades 1-6
MS in Instructional Technology
MS in Adolescence Education:
Specialist in Mathematics
MS in Adolescence Education: Specialist in Science
MS in Childhood Education: Professional Certification
MS in School Counseling

TOURO COLLEGE

MS in Education and Special Education

It is important to note that students must apply formally to the college, meet all requirements, and be accepted for matriculation into the college's master's degree program.

www.uft.org.

ATTENTION:

Course locations are grouped alphabetically by borough (Bronx, Brooklyn, Manhattan, Queens, Staten Island); and then, by class meeting times. PLEASE CHECK YOUR SELECTIONS CAREFULLY.

MASTER'S DEGREE PROGRAMS

READ CAREFULLY.

All teachers seeking to matriculate in any college's master's degree program must apply directly to the college, meet all requirements and be accepted by that college. A college has sole discretion over which courses, if any, will be accepted toward one of its master's degrees, and also how many courses you are required to take on campus.

A college may or may not accept UFT-sponsored courses that are

not part of a particular master's degree program. Be sure to check with the college so that your efforts are not wasted. The master's degree descriptions listed here are presented to highlight each particular program's requirements, but are not meant to substitute for the college's own catalog.

It is highly recommended that you obtain a college catalog for admission policies and procedural information.

COLLEGE OF MOUNT SAINT VINCENT

MASTER OF SCIENCE IN EDUCATION

COLLEGE FAIR

Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

REGISTRATION PROCEDURES FOR "T" COURSES See page 2

TUITION
IS SUBJECT
TO CHANGE

MASTER OF SCIENCE IN TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES (TESOL)

The Master of Science Degree in Teaching English to Speakers of Other Languages (TESOL) at the College of Mount Saint Vincent is designed **for teachers who hold initial certification in a discipline other than TESOL**. This program prepares prospective teachers of English as a New Language (ENL) students, grades PreK-12. The program features quality, convenience, and low cost.

- ◆ 30 Credits (10 courses)
- ◆ 5 off-campus courses at any UFT site
- ◆ 5 on-campus courses at the College's Manhattan campus

Students successfully completing this course of study will:

- ◆ fulfill the academic requirements for initial certification in TESOL
- ◆ be recommended to the New York State Education Department for initial certification in TESOL, grades PreK-12.
- ◆ document completion of 12 credits in a foreign language(s) or sign language prior to program completion. Undergraduate/Graduate course work or equivalent credits or CLEP or NYU proficiency will be accepted.

ADMISSION INFORMATION

Prerequisite information

Students who wish to matriculate into the Master of Science in TESOL must have an initial teaching certificate in a discipline other than TESOL.

It is highly recommended that students seek advisement prior to beginning their course of study. Contact Dr. Seonhee Cho, faculty advisor of the TESOL program, at seonhee.cho@mountsaintvincent.edu or call 1-718-405-3742.

Matriculation

Students must apply for matriculation before beginning the fourth class in this program of study. The matriculation process must be finalized before the completion of 12 credits. For information about application process and status, contact Frank Angeles, Assistant Director of Admission for the School of Professional and Graduate Studies at frank.angeles@mountsaintvincent.edu or 718-405-3438.

Transfer credit

A maximum of 6 transfer credits from other colleges may be accepted into the program pending departmental approval. Transfer credits cannot be applied to courses required on campus and must meet all criteria (see College Catalog). Only matriculated students may file a transfer credit request application. Official transcripts must be submitted with the transfer application.

Tuition

Students in this program are required to complete 10 courses, five of which must be taken at the Mount Saint Vincent Manhattan campus. The remaining five courses will be offered at one of the UFT sites in the five boroughs. Tuition for courses offered by the UFT Course Program is \$750 per 3-credit class plus a \$50 registration fee payable to UFT/COURSES. On-campus tuition, subject to change, is \$1,764 per 3-credit graduate class upon application of 20% tuition reduction through CMSV Education Diversity Scholarship. All students who take TESOL courses are eligible for this scholarship.

Degree-seeking students are required to take the following core courses with the UFT at reduced tuition:

- ◆ **EDUC 504** Cross-Cultural Communication
- ◆ **EDUC 506** Language, Cognitive Development, and Cultural Diversity
- ◆ **EDUC 508** Structure of American English
- ◆ **EDUC 722** Teaching English as a Second Language I
- ◆ **EDUC 726** Assessment in English as a Second Language

Degree-seeking students are required to take the following core courses on campus at full college tuition:

- ◆ **EDUC 507** Linguistic Analysis (Manhattan Campus)
- ◆ **EDUC 605** Curriculum & Materials in TESOL (Manhattan Campus)
- ◆ **EDUC 725** Teaching Across the Content Areas: Methods of TESOL, Grades PreK-12 (Manhattan Campus)
- ◆ **EDUC 750** Supervised Practicum in TESOL: PreK-6 (Manhattan Campus)
- ◆ **EDUC 751** Supervised Practicum in TESOL: 7-12 (Manhattan Campus)

NOTE: One supervised practicum in TESOL will be fulfilled at the candidate's current teaching location when appropriate. The additional level of supervised practicum will be carried out in a level-appropriate summer ENL program. Each practicum requires 60 field hours and 15 hours of practicum seminar.

NOTES TO ALL CMSV STUDENTS

ONLINE APPLICATION PROCESS:

- Visit www.mountsaintvincent.edu
- Go to: Admission (on the top of the page)
- Click: Apply for Graduate Programs
- Click: Apply Now
- Fill out the online application and click SUBMIT.

There is no application fee when registering online.

Submit the following documents to Frank Angeles, Admissions for SPGS, College of Mount Saint Vincent, 6301 Riverdale Ave., Riverdale, NY 10471:

- All official college transcript(s) (GPA of 3.0 and above)
- New York State Initial Certification in a discipline other than TESOL
- GRE or MAT score report
- Two letters of recommendation

For course registration information only, call a course program assistant at the UFT, 1-212-475-3737, or attend the in-person registration events.

Late Fees: The college charges a \$75 fee for late registration, returned checks, or credit card denial. This fee must be paid prior to registering for additional courses.

Potential graduates should be aware that since most off-campus courses end later than those offered on campus, a diploma might not be awarded until the semester following the completion of course work.

TEXTBOOKS FOR CMSV COURSES

For a list of required texts, please visit the College's online bookstore, Akademos:

<http://mountsaintvincent.textbookx.com/institution/index.php#>

FOUNDATION/CORE COURSES *These courses are required for degree-seeking students.*

EDUC 506 • LANGUAGE, COGNITIVE DEVELOPMENT, AND CULTURAL DIVERSITY—The College of Mount St. Vincent • This course examines cognitive development and language acquisition across cultures. Through the supplemental use of various technologies, the course focuses on issues of bilingualism and dialectal difference and their relationship to language development. This course explores language diversity as it relates to classroom instruction. 3 graduate credits. Tuition is \$750 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T1.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Ron Scapp	Wed. 4:45p-8:00p 12 sessions	9/27

EDUC 722 • TEACHING ENGLISH AS A SECOND LANGUAGE I—The College of Mount St. Vincent • This course provides an introduction to the theoretical foundations of second language acquisition that includes an examination of theories and research findings and their applicability to classroom practice. Course work also involves a review of relevant psycholinguistic and sociolinguistic research. 3 graduate credits. Tuition is \$750 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

TESOL CORE COURSES

EDUC 508 • STRUCTURE OF AMERICAN ENGLISH—The College of Mount St. Vincent • This course examines English grammar from a theoretical point of view and discusses how the different constructions that we study can be taught formally and informally in the ESL classroom. Although English language learners have not acquired English as a first language, they have access to Universal Grammar, which programs human beings to understand what is possible with all languages. Hence, the knowledge that we all possess, subconsciously facilitates the learning of a second language when brought to conscious awareness. Prescriptive versus descriptive language will be examined throughout the course in light of structures to be studied and how they manifest themselves in everyday usage. 3 graduate credits. Tuition is \$750 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T3.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Jay Schivcharran	Thurs. 4:45p-8:00p 12 sessions	9/28

EDUC 726 • ASSESSMENT IN ENGLISH AS A SECOND LANGUAGE—The College of Mount St. Vincent • This course includes an examination of procedures and instruments, standardized and informal, used in second language instruction programs. Instruction in design and use of instruments will be addressed. The role of assessment as an integral part of instruction will also be explored. 3 graduate credits. Tuition is \$750 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

MERCY COLLEGE

Students who are matriculated in any Mercy College program are not eligible to take a course through NYSUT or UFT.

COLLEGE FAIR
Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4. –

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

REGISTRATION PROCEDURES FOR “E” COURSES See page 2

TUITION IS SUBJECT TO CHANGE

IMPORTANT:

Students are not eligible to register for a Mercy sponsored course through NYSUT ELT or UFT if:

- ♦ they have already completed 15 Mercy College credits through NYSUT ELT or UFT,
- ♦ they are currently matriculated into a Mercy College degree or Advanced Certificate Program,
- ♦ they are on a financial hold with Mercy College, or
- ♦ they were academically dismissed by Mercy College.

ELT is NOT responsible for reimbursement of tuition for students who register for any Mercy courses if they meet any of these criteria.

QUALITY PROFESSIONAL DEVELOPMENT WITH YOU IN MIND!

NYSUT Education and Learning Trust and the UFT Course Program have collaborated to ensure that programs offered to you provide high-quality, affordability, convenience and an exciting variety of courses that are responsive to your needs.

The NYSUT Education and Learning Trust, in collaboration with Mercy College, invites you to participate in a 15-credit (maximum) program designed to lead to one of several different Master of Science in Education degrees from Mercy College as well as certification from the New York State Education Department. These courses may lead to a Master of Science degree and certification in one of the following programs:

- ♦ **Master of Science in Early Childhood Education, Birth-Grade 2**
- ♦ **Master of Science in Childhood Education, Grades 1-6**
- ♦ **Master of Science in Adolescence Education, Grades 7-12**
- ♦ **Master of Science in Teaching English to Speakers of Other Languages (TESOL)**

Program participants have an opportunity to earn up to 15 education credits and apply successfully completed courses toward a Mercy

College master's degree. NYSUT/ELT offers these courses as part of a diverse degree program. The tuition for each 3-credit, off-campus graduate course is \$800. There will be a \$50 administration fee for cancelling your participation in a class. Students will be charged 2 weeks prior to the start of class.

Successful completion of up to 15 credits offered through the NYSUT/ELT (maintaining a B or 3.0 GPA) and a passing score in the ALST exam allows students to matriculate into one of the several master's programs available through Mercy College.

Once students matriculate into Mercy College, the remaining course work must be completed at one of the Mercy College campuses: Bronx, Manhattan, Dobbs Ferry or Yorktown, N.Y. In addition, courses may not be taken simultaneously through the UFT and at Mercy College.

On-campus reduced tuition rate

Students who enter the NYSUT/ELT master's program at Mercy College are entitled to a one-third tuition scholarship, based upon the existing tuition rate. Currently, students who are entitled to this reduced tuition rate are paying \$1,612 per 3-credit course. **Tuition rates are subject to change by the college.**

NOT ALL LISTED COURSES APPLY TO EACH MASTER'S DEGREE. Consult your individual program plan to select your required courses.

If you have questions or need further advisement, please call Allison Gurdineer at (914) 674-7601. For more information about Mercy College admissions, please visit www.mercy.edu.

For registration information only, call a UFT Course Program assistant at 1-212-475-3737 — or attend the next COLLEGE FAIR.

ELT is not responsible for reimbursement of tuition for students who register for the same course twice.

MASTER OF SCIENCE IN EARLY CHILDHOOD EDUCATION, BIRTH-GRADE 2 MASTER OF SCIENCE IN CHILDHOOD EDUCATION, GRADES 1-6

Required core courses

- ♦ **EDUC 500** Educational Foundations from Diverse Perspectives
- ♦ **EDUC 502** Foundations in Education for Students with Disabilities
- ♦ **EDUC 506** Educational Evaluation and Assessment from Early Childhood through Adolescence
- ♦ **EDUC 507** Approaches to Literacy Instruction in Early Childhood through Adolescence

Required core courses for Early Childhood Education, Birth-Grade 2

- ♦ **EDUC 513** Introduction to Early Childhood Education: Foundations, Methods and Materials*
- ♦ **EDUC 514** Working with Parents and Families of Children in Early Childhood and Childhood *

MASTER OF SCIENCE IN ADOLESCENCE EDUCATION, GRADES 7-12

Required core courses

- ♦ **EDUC 500** Educational Foundations from Diverse Perspectives
- ♦ **EDUC 502** Foundations in Education for Students with Disabilities
- ♦ **EDUC 506** Educational Evaluation and Assessment from Early Childhood through Adolescence
- ♦ **EDUC 507** Approaches to Literacy Instruction in Early Childhood through Adolescence

MASTER OF SCIENCE DEGREE IN TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES (TESOL)

Required core courses

- ♦ **EDUC 501*** Education in Today's Schools
- ♦ **EDUC 504** Cultural Perspectives and the Teaching Learning Process
- ♦ **EDUC 506** Educational Evaluation and Assessment from Early Childhood through Adolescence
- ♦ **EDUC 507** Approaches to Literacy Instruction in Early Childhood through Adolescence
- ♦ **EDUC 508** Theory and Practice in Bilingual Education
- ♦ **EDUC 509** Linguistics and Language Development
- ♦ **EDUC 590** The Teaching of Writing and the Writing Process

* available on campus only

ADDITIONAL CERTIFICATION IN STUDENTS WITH DISABILITIES — 12 CREDITS

Students who possess a BA or BS degree and an appropriate teaching certificate may apply to the NYS Education Department for a Students with Disabilities individual certificate upon successful completion of the required course work and satisfaction of all other NYSED requirements. For further information, contact Mercy College or the NYSED.

Required core courses

- ♦ **EDUC 502** Foundations in Education for Students with Disabilities
- ♦ **EDUC 546** Educational Assessment for Students with Disabilities
- ♦ **EDUC 531** Methods and Materials in Teaching Students with Disabilities, Birth-Grade 6 (ONLY) or
- ♦ **EDUC 532** Methods and Materials in Teaching Students with Disabilities, Grades 7-12 (ONLY)

BILINGUAL EXTENSION ADVANCED CERTIFICATE — 15 CREDITS

The NYSUT/Education and Learning Trust, in collaboration with Mercy College, offers a program to prepare students for a Bilingual Extension Advanced Certificate. Only those students holding an initial teaching certification and a master's degree are eligible for this program, which may lead to professional certification, depending on your credentials. Students must also complete field experiences at the appropriate grade level of the certificate and achieve a passing score on the Bilingual Evaluation Assessment (BEA) exam to be eligible for certification.

If you have questions or need further advisement, please contact Monee Johnson at mjohnson@mercy.edu or 1-718-678-8462. For more information about Mercy College admissions, please visit www.mercy.edu.

Required bilingual extension courses

- ♦ **EDUC 505*** Teaching English as a Second Language
- ♦ **EDUC 508** Theory and Practice in Bilingual Education
- ♦ **EDUC 509** Linguistics and Language Development
- ♦ **EDUC 602*** Native Language Arts and Social Sciences in Bilingual Education
- ♦ **EDUC 604*** Mathematics and Science in Bilingual Education

Candidates without experience in a bilingual setting must have 50 hours in bilingual classroom setting

* available on campus only

MERCY COLLEGE MASTER'S PROGRAM COURSES

EDUC 500 • EDUCATIONAL FOUNDATIONS FROM DIVERSE PERSPECTIVES—Mercy College • This course offers a critical overview of the forces (historical, legal, financial, organizational, and philosophical) that provide the foundation of education. It will allow students to examine, debate and speculate about the controversies that impact schools and teachers, now and into the future. These basic concepts of education are examined from the diverse perspectives of race, gender, disabilities, and language learners. Aspects of education such as funding, instructional strategies, and due-process procedures will be examined for their impact on social justice concerns such as equity and access, alternative ways of knowing, funds of knowledge, and other cultural factors as they impinge on the learning process. The role of the teacher as facilitator of critical thinking and as promoter of socially responsible action in the society will be considered. (Formerly EDUC 501 and 504 EDUCATION IN TODAY'S SCHOOLS.) **Course requires 10 hours of fieldwork.** 3 graduate credits. Tuition of \$800 includes a \$50 registration fee. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E5.1	UFT Brooklyn Office 335 Adams St. Brooklyn TBA	Wed. 4:30p-7:45p 13 sessions	9/27

EDUC 502 • FOUNDATIONS IN EDUCATION FOR STUDENTS WITH DISABILITIES—Mercy College • This course offers a prenatal-to-adulthood perspective on students with disabilities and provides the early childhood, childhood, middle-childhood and adolescence teacher with a basic understanding of disabilities and the impact of those disabilities on learning and behavior. Students examine disabilities categories, current trends and the historical, legal and social foundations of education for students with disabilities. Students explore life-span issues, community-agency partnerships, career issues and support services needed by students with disabilities and their parents. **Course requires 10 hours of fieldwork.** 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E6.1	UFT Brooklyn Office 335 Adams St. Brooklyn Cynthia Balzeretti	Thurs. 4:30p-7:45p 13 sessions	9/28

EDUC 504 • CULTURAL PERSPECTIVES AND THE TEACHING/LEARNING PROCESS—Mercy College • This course provides an investigation of multicultural factors which have the greatest impact on the classroom instructional learning environment. It studies the current linguistic theories and issues, and provides a discussion of the role of culture, heritage, socioeconomic levels and the community on students' readiness to learn. The course explores appropriate strategies that promote success in a teaching/learning environment. **Additional fieldwork is required.** 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E7.1	UFT Queens Office 97-77 Queens Blvd, Rego Park Catherine Rolon	Wed. 4:30p-7:45p 13 sessions	9/27

EDUC 506 • EDUCATIONAL EVALUATION AND ASSESSMENT FROM EARLY CHILDHOOD THROUGH ADOLESCENCE—Mercy College • This course focuses on the study of testing concepts and the application of assessment to the classroom setting. Concepts include reliability, validity, grade/age norms and percentiles. Specific emphasis is placed on the educational applications of intelligence, aptitude and achievement tests, as well as on the more traditional multiple-choice, true-false and essay tests. **Additional time will be scheduled for project counseling and small-group instruction.** 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E8.1	UFT Queens Office 97-77 Queens Blvd, Rego Park Cynthia Balzeretti	Tues. 4:30p-7:45p 13 sessions	9/19

EDUC 507 • APPROACHES TO LITERACY INSTRUCTION IN EARLY CHILDHOOD THROUGH ADOLESCENCE—Mercy College • This course focuses on the examination and analysis of effective literacy instruction for students at all levels. It includes the exploration of appropriate techniques for diverse learners. Techniques for continued assessment in reading, remediation and enrichment are discussed. This course requires 10 hours of practical application of methods in classrooms and field assignments, such as observation records, tutoring, and diagnostic evaluation and analysis. **Additional time will be scheduled for project counseling and small-group instruction.** 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E9.1	UFT Brooklyn Office 335 Adams St. Brooklyn TBA	Mon. 4:30p-7:45p 13 sessions	9/18

EDUC 508 • THEORY AND PRACTICE IN BILINGUAL EDUCATION—Mercy College • This course provides an examination of the historical, psychological, social, cultural, political and legal basis of current practices in the field of bilingual education. Educational practices and models for teaching the school curriculum through the native language and English are included. The role of parents and the community in enhancing bilingual programs is emphasized. **Course requires 20 hours of fieldwork.** 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E10.1	UFT Brooklyn Office 335 Adams St. Brooklyn Jay Schivcharan	Wed. 4:30p-7:45p 13 sessions	9/27

MERCY COLLEGE MASTER'S PROGRAM COURSES continued

EDUC 509 • LINGUISTICS AND LANGUAGE DEVELOPMENT—Mercy College • This course introduces students to the concepts of language development and modern linguistics that are most relevant to first and second language teaching. Training is given in the fundamentals of phonological, morphological and syntactic analysis of typologically different languages. Students become familiar with important findings in the field of psycholinguistics and sociolinguistics. **An additional 10 hours of fieldwork is required.** Additional time will be scheduled for project counseling and small-group instruction. 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E11.1	UFT Brooklyn Office 335 Adams St. Brooklyn R. Jones	Mon. 4:30p-7:45p 13 sessions	9/18

EDUC 531 • METHODS AND MATERIALS IN TEACHING STUDENTS WITH DISABILITIES, BIRTH-GRADE 6—Mercy College • This course requires the study and analysis of effective teaching strategies for the education of students with disabilities from birth to grade 6. Students will identify strengths and discuss methods of individualizing instruction and collaboration. They will examine learning processes, lesson and unit planning across the curriculum, motivation, communication, and classroom management in order to stimulate and sustain student interest, cooperation, and achievement. Students will discuss effective ways of partnering with parents and collaborating with other staff members. **15 hours of field observation is required.** 3 graduate credits. *Prerequisite: EDUC 502 (FOUNDATIONS IN EDUCATION FOR STUDENTS WITH DISABILITIES).* Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E12.1	UFT Queens Office 97-77 Queens Blvd, Rego Park TBA	Mon. 4:30p-7:45p 12 sessions	9/18

EDUC 532 • METHODS AND MATERIALS IN TEACHING STUDENTS WITH DISABILITIES GRADES 7-12—Mercy College • This course examines curriculum and instruction from the perspective of secondary education teachers of students with disabilities whose individual learning needs require teachers to go beyond typical models of general classroom instruction to give students with disabilities access to the general education curriculum and assessments. Candidates identify, examine, and practice a variety of effective teaching strategies for the education of students with disabilities. Candidates learn to differentiate and individualize instruction and engage in collegial collaboration. They examine learning processes, lesson and unit planning, motivation, and communication in order to stimulate and sustain student interest, involvement, and achievement. **15 hours of fieldwork is required.** *Prerequisite: EDUC 502 (FOUNDATIONS IN EDUCATION FOR STUDENTS WITH DISABILITIES).* 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

MASTER OF SCIENCE IN TEACHING LITERACY, BIRTH – GRADE 12
33 CREDITS

Mercy College, in conjunction with the NYSUT Education and Learning Trust (NYSUT/ELT), is offering a Master of Science degree in Teaching Literacy. Upon successful completion of the program, all students may be eligible for the Literacy, Birth-Grade 6, or the Literacy, Grades 5-12.

Prerequisite for admission: Students entering the Master of Science in Literacy program must have a provisional or initial teaching certificate in another certificate title, prior to registering for these NYSUT courses.

Initially, non-matriculated students must take five courses at \$800 per 3-credit graduate course (includes a \$50 registration fee).

- Required core courses (for all MS in Teaching Literacy programs)**
- ♦ **EDUC 507** Approaches to Literacy in Early Childhood through Adolescence
 - ♦ **EDUC 561** Literacy Instruction for Students with Disabilities
- Teaching Literacy, Birth-Grade 6, and Teaching Literacy, Birth-Grade 12**
- ♦ **EDUC 522** Language Development and Literacy Acquisition
 - ♦ **EDUC 591** Child and Adolescent Literature
 - ♦ **EDUC 590** The Teaching of Writing and the Writing Process

MATRICULATION Upon completing the five courses listed, students must apply for matriculation to Mercy College. The remaining course work of 18 credits will be offered at Mercy College's Bronx, Manhattan or Dobbs Ferry campuses. Students are offered a one-third tuition discount, based on the full tuition rate upon matriculation. Currently, this reduced rate is \$1,596 per 3-credit course. **Tuition rates are subject to change by the college.**

If you have questions or need further advisement, please contact Monee Johnson, Associate Director of Graduate Recruitment at mjohnson@mercy.edu or 1-718-678-8462. For more information about Mercy College admissions, please visit www.mercy.edu.

For registration information only, call a UFT Course Program assistant at 1-212-475-3737.

Potential students should be aware that since most off-campus courses end later than those on campus, they may not be able to matriculate until the semester following the completion of course work.

NOTE ABOUT CERTIFICATION

Upon completion of the dual certification program in Literacy, Mercy College will recommend candidates for New York State certification in both Literacy, Birth-Grade 6, and Literacy, Grades 5-12.

ELT is not responsible for reimbursement of tuition for students who register for the same course twice.

MASTERS OF SCIENCE IN TEACHING LITERACY

EDUC 522 • LANGUAGE DEVELOPMENT AND LITERACY ACQUISITION—Mercy College • This course focuses on child development from birth to grade 6 with an emphasis on oral language development as the foundation for literacy acquisition. Special emphasis is placed on emergent literacy and effective techniques for encouraging growth in receptive and expressive communication in young children. Research focusing on the relationship between language and literacy is reviewed. 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

UFT Code	Location	Day/Time	1st Class
E14.1	UFT Queens Office 97-77 Queens Blvd, Rego Park TBA	Thurs. 4:30-7:45 13 sessions	9/28

EDUC 561 • LITERACY INSTRUCTION FOR STUDENTS WITH DISABILITIES—Mercy College • Participants develop competencies that will enable them to provide appropriate instruction for students experiencing difficulties in acquiring literacy skills. These include students receiving academic intervention services and those in compensatory and special education programs. **Course requires 10 hours of fieldwork.** 3 graduate credits. Tuition of \$800 includes a \$50 registration fee. 3 graduate credits. Tuition is \$800. **Register online at www.nysut.org/elt. See registration instructions on page 2.**

NEW YORK INSTITUTE OF TECHNOLOGY

MASTER DEGREES IN INSTRUCTIONAL TECHNOLOGY, EARLY CHILDHOOD EDUCATION, CHILDHOOD EDUCATION, ADOLESCENT EDUCATION AND SCHOOL COUNSELING

COLLEGE FAIR

Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

REGISTRATION PROCEDURES FOR "T" COURSES See page 2

TUITION IS SUBJECT TO CHANGE

IMPORTANT INFORMATION ABOUT NYIT'S MASTER OF SCIENCE PROGRAMS

College advisement for all NYIT graduate programs is available on in-person registration days at UFT Headquarters (see page 3), or by contacting the program contact person listed under each program to schedule an appointment. Students who have completed 9 credits must contact the college before registering for courses. For general program information, call NYIT at 1-212-261-1515 or 1-516-686-7777; you may also visit www.nyit.edu/education.

Potential graduates should be aware that since most off-campus courses end later than those offered on campus, a diploma might not be awarded until the semester following the completion of course work.

MASTER OF SCIENCE IN INSTRUCTIONAL TECHNOLOGY FOR EDUCATORS (MSIT) – 33 CREDITS

Requirements for admission to the MSIT master's program

- ◆ 3.0 undergraduate average for full matriculation; and NYS certification;
- ◆ GRE/MAT exam

Required foundation/professional core courses

- ◆ **EDIT 603** Foundations I: Philosophy and Technology of Education
- ◆ **EDIT 608** Curriculum Design and Development
- ◆ **EDIT 618** Foundations II: Diversity, Learning and Technology
- ◆ **EDIT 605** Instructional Applications of the Internet
- ◆ **EDIT 610** Multimedia/Authoring
- ◆ **EDIT 695** Field Experience Practicum and Seminar

Required pedagogical applications

- ◆ **EDIT 614** Language Arts and Technology
- ◆ **EDIT 624** Math, Science and Technology I (math focus)
- ◆ **EDIT 626** Math, Science and Technology II (science focus)

Elective

- ◆ **EDIT 663** Educational Use of Social Media

Pedagogical application

- ◆ **EDIT 690** Assessment and Evaluation

HIGHLIGHTS OF THE MSIT FOR EDUCATORS PROGRAM

This master's program in Instructional Technology develops expertise in the use of leading-edge media and technology for teaching and learning. Graduates of the program become master teachers in P-12 classrooms, or school or district instructional technology leaders, staff developers and curriculum designers. Initial courses enhance teachers' expertise with a wide range of media and applications and set the stage for understanding how instructional technology can fulfill its potential to **Entice, Encourage, Enable and Empower** learners. Building on theories of learning, motivation and curriculum design, teachers next learn to apply newly developed technology skills in language arts, social studies, math, science and technology curricular content. An innovative action research project caps the experience as participants join the small number of certified educational technology specialists in New York State.

About the Instructional Technology program:

- ◆ Aligned with the latest National Educational Technology Standards (NETS) for Coaches from the International Society for Technology in Education (ISTE)
- ◆ Candidates are prepared to be coaches and professional developers who design and provide building- and district-level PD using instructional technologies
- ◆ Degree requirements have been streamlined (33 credits) and total tuition costs remain competitive
- ◆ All courses have been updated to meet the latest curricular standards and reflect cutting-edge approaches to using technology in diverse K-12 classrooms
- ◆ New elective courses are now available
- ◆ State required field experience hours (50) are consolidated into a new Practicum and Seminar course

The program offers:

- ◆ A 33-credit Master of Science degree in Instructional Technology
- ◆ Eligibility for NYS certification as an Educational Technology Specialist
- ◆ Eligibility for permanent or professional certification in first certificate area
- ◆ Opportunity to become proficient in the use of leading-edge technology
- ◆ Professional development for leadership in applying educational technology
- ◆ Experience with tools for problem-solving and communication in the PreK-12 setting
- ◆ Expertise in integrating technology and standards in the PreK-12 curriculum
- ◆ Exciting learning environments with practitioner instructional technology faculty
- ◆ Option for non-certified educators/others interested in technology in teaching and learning

For further details, contact Erin Fabian of NYIT at efabian@nyit.edu, or call 1-212-261-1529 for an appointment.

MASTER OF SCIENCE IN CHILDHOOD EDUCATION, GRADES 1-6 (MSCHED) 45 CREDITS INITIAL CERTIFICATION

Upon completion of all NYS certification requirements, this program leads to a master's degree and eligibility for NYS Initial Certification in Childhood Education, Grades 1-6. The program facilitates the development of an understanding of child development; curriculum design; effective instructional practices to teach all children; and the integration of technology in teaching and learning.

For initial certification, all applicants to the program must

- ◆ have an earned bachelor's degree with a GPA of 3.0* and a major or its equivalent (minimum of 30-credit concentration) in biology, chemistry, economics, English, social studies, history, life science, mathematics, physics, psychology, or interdisciplinary arts and sciences;
- ◆ have completed 6 credits in each of the following college-level courses: English, social studies, science, mathematics, a language other than English and a form of creative expression. Qualified candidates will be able to make up deficits in up to two areas before completion of the program;
- ◆ GRE/MAT exam
- ◆ personal statement
- ◆ 2 letters of recommendation

* Students with a GPA of less than 3.0 require special advisement.

Foundation Courses:

- ◆ **EDPC 603** Foundations I: Philosophy & Technology of Education
- ◆ **EDPC 605** Curriculum Design and Development
- ◆ **EDPC 610** Foundations II Diversity, Learning and Technology in Education
- ◆ **EDPC 615** Human Growths and Development B-Grade 6
- ◆ **EDPC 664** Institutes in Education

Literacy Core:

- ◆ **EDLI 635** Theory and Practice of Literacy Instruction
- ◆ **EDLI 636** Diagnosis and Remediation of Literacy Disorders

Content Core:

- ◆ **EDLA 615** English Language Arts and Technology
- ◆ **EDSS 620** Social Studies and Technology
- ◆ **EDMA 625** Math, Science and Technology I
- ◆ **EDSC 626** Math, Science and Technology II

Research Core:

- ◆ **EDPC 690** Research Methods and Assessment
- ◆ **EDPC 691** Field Project

Student Teaching:

- ◆ **EDPC 681** Student Teaching and Seminar

College advisement for the MSCHED program is mandatory. For further information contact Kristen Schaefer at kschae04@nyit.edu, or call 1-516-686-1286.

UFT EDUCATIONAL PROGRAMS
FALL 2017

MASTER'S PROGRAM LEADING TO PROFESSIONAL CERTIFICATION

MASTER OF SCIENCE IN ADOLESCENCE EDUCATION: SPECIALIST IN MATHEMATICS – 36 CREDITS MASTER OF SCIENCE IN ADOLESCENCE EDUCATION: SPECIALIST IN SCIENCE – 36 CREDITS MASTER OF SCIENCE IN CHILDHOOD EDUCATION: PROFESSIONAL CERTIFICATION – 36 CREDITS

The UFT Course Program and New York Institute of Technology have collaborated to offer three new programs designed to prepare candidates for New York State professional certification.

Two master's programs in adolescence education are designed to prepare teachers with initial NYS certification for professional certification and equip them with the knowledge and skills to integrate technology and use culturally-responsive instructional strategies to teach diverse students. The courses of study are rich in mathematics, science and instructional technology content, as well as pedagogy, adolescent development and evidence-based instructional strategies.

The master's program in childhood education is designed for teachers with initial or professional certification, seeking additional skills in teaching and learning. This program focuses on students in grades 1-6. Candidates may possess certification in any discipline.

New York Education Law now permits individuals with United States Citizenship or Permanent Resident status, to qualify for a Permanent or Professional NYS Teaching Certificate.

Admission requirements for all programs

- ◆ a baccalaureate degree from an accredited college or university;
- ◆ completed online or paper application and a \$50 fee, made payable to New York Institute of Technology;
- ◆ official transcripts from all colleges previously attended;
- ◆ evidence of MMR from a physician; and, for those to whom it applies,
- ◆ evidence of NYS provisional or initial certification.
- ◆ GRE/MAT exam
- ◆ personal statement
- ◆ 2 letters of recommendation

Required courses for all programs

- ◆ **EDIT 605** Instructional Applications of the Internet
- ◆ **EDLI 635** Theory/Practice of Literacy Instruction
- ◆ **EDMA/EDSC 625** Mathematics, Science, & Technology I
- ◆ **EDPC 603** Foundations I: Philosophy and Technology of Education
- ◆ **EDPC 605** Curriculum Design & Development
- ◆ **EDPC 610** Foundations II: Diversity, Learning, and Technology of Education
- ◆ **EDPC 690** Research Methods and Assessment
- ◆ **EDPC 691** Field Project
- ◆ **EDMA/EDSC 626** Mathematics, Science, & Technology II

MASTER OF SCIENCE IN ADOLESCENCE EDUCATION: SPECIALIST IN MATHEMATICS

Required courses:

- ◆ **EDLI 637** Reading in the Content Area
- ◆ **EDMA 627** Mathematics & Technology in Education I
- ◆ **EDMA 628** Mathematics & Technology in Education II

MASTER OF SCIENCE IN ADOLESCENCE EDUCATION: SPECIALIST IN SCIENCE

Required courses:

- ◆ **EDLI 637** Reading in the Content Area
- ◆ **EDSC 632** Biodiversity
- ◆ **EDSC 633** Understanding Space & Weather

MASTER OF SCIENCE IN CHILDHOOD EDUCATION: PROFESSIONAL CERTIFICATION

Required courses:

- ◆ **EDLA 615** English Language Arts and Technology
- ◆ **EDLI 636** Diagnosis and Remediation of Literacy Disorders
- ◆ **EDSS 620** Social Studies and Technology

Participants in each of these programs will receive personal one-to-one advisement by expert program faculty. Qualified students may be eligible for Troops to Teachers funding and other financial aid.

For further information, call 1-516-686-1286.

MASTER OF SCIENCE IN EARLY CHILDHOOD EDUCATION, BIRTH TO GRADE 2 45 CREDITS INITIAL CERTIFICATION/ 36 CREDITS PROFESSIONAL CERTIFICATION

Upon completion of all NYS certification requirements, this program leads to a master's degree and eligibility for NYS initial certification in Early Childhood Education, Birth to Grade 2. This program facilitates the development of an understanding of early childhood development, curriculum design; effective instruction practices to teach young children; and the integration of technology in teaching and learning. It prepares candidates for teaching in a variety of educational settings within the birth to grade 2 levels.

Foundation Courses:

- ◆ **EDPC 603** Foundations I: Philosophy & Technology of Education
- ◆ **EDPC 605** Curriculum Design & Development
- ◆ **EDPC 610** Foundations II: Diversity, Learning & Tech
- ◆ **EDPC 615** Human Growth and Development (45 Credits Only)

Technology Core:

- ◆ **EDIT 629** Creative Arts for Elementary Education

Literacy Core:

- ◆ **EDLI 635:** Theory and Practice of Literacy Instruments
- ◆ **EDLI 636:** Diagnosis and Remediation of Literacy Disorders

Content Core:

- ◆ **EDLA 615:** Language Arts and Technology
- ◆ **EDSS 620:** Social Studies and Technology
- ◆ **EDMA 625:** Mathematics, Science and Technology I
- ◆ **EDSC 631:** Mathematics, Science and Technology II

Research Core:

- ◆ **EDPC 690:** Research Methods & Assessment
- ◆ **EDPC 691:** Field Project

Student Teaching:

- ◆ **EDPC 681:** Student Teaching and Seminar (45 Credits Only)

MASTER OF SCIENCE IN EARLY CHILDHOOD EDUCATION, BIRTH TO GRADE 2 WITH BILINGUAL EXTENSION

45 CREDITS INITIAL CERTIFICATION/36 CREDITS PROFESSIONAL CERTIFICATION

Upon completion of all NYS certification requirements, this program leads to a master's degree and eligibility for NYS initial certification in Early Childhood Education, Birth to Grade 2. This program facilitates the development of an understanding of early childhood development, curriculum design; effective instruction practices to teach young children; and the integrating of technology in teaching and learning. It prepares candidates for teaching in a variety of educational settings within the birth to grade 2 levels. The Bilingual Extension program is offered to candidates who are already certified to teach in New York State and wish to teach English Language Learners (ELLs) in a bilingual setting. Upon successful completion of the Bilingual Education Assessment (BEA) and course requirements for this extension, teacher candidates will be certified to teach English Language Learners in a bilingual setting. As part of the required clinical experience, candidates must complete college supervised field experiences of 50 hours within a bilingual setting.

Foundation Courses:

- ◆ **EDPC 603** Foundations I: Philosophy & Technology of Education
- ◆ **EDPC 605** Curriculum Design & Development
- ◆ **EDPC 610** Foundations II: Diversity, Learning & Tech
- ◆ **EDPC 615** Human Growth and Development (45 Credits Only)

Technology Core:

- ◆ **EDIT 629** Creative Arts for Elementary Education

Literacy Core:

- ◆ **EDLI 635** Theory and Practice of Literacy Instruments
- ◆ **EDLI 636** Diagnosis and Remediation of Literacy Disorders

Content Core:

- ◆ **EDLA 615** Language Arts and Technology
- ◆ **EDSS 620** Social Studies and Technology
- ◆ **EDMA 625** Mathematics, Science and Technology I
- ◆ **EDSC 631** Mathematics, Science and Technology II

Research Core:

- ◆ **EDPC 690** Research Methods & Assessment
- ◆ **EDPC 691** Field Project

Student Teaching:

- ◆ **EDPC 681** Student Teaching and Seminar (45 Credits Only)

Bilingual Extension:

- ◆ **EDBL 603** Foundations I: Principles and Practices in Bilingual Ed
- ◆ **EDLI 634** Teaching Literacy in Bilingual Education

Elective in Bilingual Education

MIDDLE SCHOOL CERTIFICATION EXTENSIONS FOR CHILDHOOD EDUCATION TEACHERS

EXTEND YOUR POSSIBILITIES!

NYIT School of Education offers courses needed for eligibility to extend New York State Childhood Education Teacher Certification to Middle School Level, Grades 7-9 in just two part-time semesters for teachers holding initial, professional, or permanent certification in Elementary Education K-6 or Childhood Education, Grades 1-6.

These programs enable teachers to:

- ◆ Extend their existing certification to grades 7-9 mathematics, science or English.
- ◆ Develop skills and expertise required to effectively teach young adolescents.
- ◆ Use research-based, effective teaching strategies and technology to design instruction that maximizes success for middle school students.

PROGRAM OF STUDY

Childhood Education 7-9 extension in Middle School Mathematics

- ◆ **EDPC 616** Human Growth, and Development and Learning for Middle Childhood and Adolescence Education
- ◆ **EDPC 617** Curriculum and Instruction for Middle Childhood Education
- ◆ **EDMA 627** Mathematics and Technology in Education I
- ◆ **EDMA 628** Mathematics and Technology in Education II

Childhood Education 7-9 Extension in Middle School Science

- ♦ **EDPC 616** Human Growth, and Development and Learning for Middle Childhood and Adolescence Education
- ♦ **EDPC 617** Curriculum and Instruction for Middle Childhood Education
- ♦ **EDSC 630** Teaching Life Science in the Middle School Using Technology—Content and Methodology
- ♦ **EDSC 631** Teaching Physical Science in the Middle School Using Technology—Content and Methodology

Childhood Education 7-9 Extension in Middle School English

- ♦ **EDPC 616** Human Growth, and Development and Learning for Middle Childhood and Adolescence Education
 - ♦ **EDPC 617** Curriculum and Instruction for Middle Childhood Education
 - ♦ **EDLA 620** Teaching English/Language Arts in the Middle School Using Technology (I)—Pedagogy
 - ♦ **EDLA 621** Teaching English/Language Arts in the Middle School Using Technology (II)—Content
- Teachers who hold NYS Initial or Professional Certification in Childhood Education and who satisfy all NYSED requirements, including an appropriate concentration of 30 credits in an approved subject area (math, English language arts, social studies or science), may use these courses as part of 6 credits in middle school pedagogy to apply for an NYSED Middle School Extension Certificate

Admissions Requirements

Applicants for admission to the 7-9 extension program for childhood education certification must be in the process of completing or already possess valid initial or professional certification in childhood education (Grades 1-6) or elementary education and demonstrated completion of at least 30 semester hours of college course work in the subject area (English, mathematics or science) to be taught with a GPA of 3.0.

For further information and personal advisement call 516-686-1286.

NYIT ONLINE COURSES

COURSES RUN:
WEDNESDAY, SEPT. 6 – SATURDAY, DEC. 23

REGISTRATION DEADLINE:
WEDNESDAY, SEPT. 6, 2017

Enrollment may be limited to participants currently in the NYIT technology master's program. Students with 9 credits or more must be fully matriculated before registering for these courses. For advisement, call NYIT at 1-212-261-1529.

SPECIAL REGISTRATION PROCEDURE:

Registration for these online courses may only be completed by calling NYIT, 1-212-261-1529. All tuition and registration fees for NYIT online courses must be paid no later than 5 p.m. on **Wednesday, Sept. 6, 2017**. These fees include NYIT's tuition of \$1,280, payable to NYIT and a separate registration fee. This \$50 fee must be made payable to UFT/COURSES and mailed with the coupon on page 2 directly to the UFT.

There is NO UFT ONLINE REGISTRATION for these courses. Note: **EARLY** starting date. Due to the early starting date, participants will have already been notified by the college concerning registration for these courses.

NYIT ONLINE – FOUNDATION/CORE COURSES

EDIT 603–FT1 • FOUNDATIONS I: PHILOSOPHY AND TECHNOLOGY OF EDUCATION—New York Institute of Technology • Foundational research on the integration of instructional technologies in teaching, training, and learning enables the candidate to consider the social, psychological, and technical milieu of the digital medium in the third millennium. The candidate explores, through primary source literature and digital artifacts, the continuum of thought that frames the past, present, and future understanding of instructional technology within education, corporate, personal, and societal contexts. This exploration leads to the candidate's final project: a rigorous, web-based, well-documented personal philosophy of instructional technology incorporating a variety of digital media artifacts. In this course, candidates will initiate their web-based professional portfolio for the program. Candidates are expected to make additions and revisions to this philosophy each succeeding semester as specified in the final portfolio requirements for the degree. **Field experiences are required and integrated into the course.** 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T16.1	TBA	Wed. 9/6

EDIT 605–FT1 • INSTRUCTIONAL APPLICATIONS OF THE INTERNET—New York Institute of Technology • In this course, candidates integrate the tools and resources of the Internet into their instructional dialogue. Starting with learning standards and/or instructional competencies, candidates adapt Internet resources and Internet-based teaching strategies to their instructional environments. Constructivists and other learning approaches are used and modeled for all activities. Candidates utilize the current tools and resources of the Internet as well as consider evolving standards and capabilities. **Prerequisites:** EDIT/EDPC 603 (Foundation I: Philosophy and Technology of Education). 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T17.1	Stan Silverman	Wed. 9/6

NYIT ONLINE – FOUNDATION/CORE COURSES continued

EDIT 608–FT1 • CURRICULUM DESIGN AND DEVELOPMENT—New York Institute of Technology • Candidates design an instructional unit within a defined course of study based on the five phases of instructional systems design: analysis, design, development, implementation and evaluation. Candidates conduct a needs assessment for the learner, content, and context of their unit of instruction aligning learning objectives with national and state standards. Candidates develop performance assessment measures and incorporate instructional technologies to meet the needs of diverse learners. Issues addressed are curriculum alignment, learning theory, differentiated instruction, and design of instructional technology activities for active student engagement and inquiry. **Field experiences are required and integrated into the course.** 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T18.1	TBA	Wed. 9/6

EDIT 618–FT1 • FOUNDATIONS II—New York Institute of Technology • Candidates apply an understanding of diversity of student populations in PreK-12 schools. Particular emphasis is placed on research-based evidence for effective uses of assistive and instructional technology for improving student performance in national and state standards-based general-education curriculum. Candidates develop instructional materials to meet the needs and aspirations of all learners across the spectrum of culture, gender, language, and ability levels. Case studies are developed to demonstrate technology integration for differentiation for all learners. **Field experiences are required and integrated into the course.** **Prerequisite:** Take EDPC 605 and one course in this group: EDIT 603 or EDPC 603. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T19.1	TBA	Wed. 9/6

EDIT 610–FT1 • MULTIMEDIA AUTHORING—New York Institute of Technology • Candidates design and develop a computer-based or web-based interactive instructional system using multimedia authoring tools. Candidates develop documentation required for using the product and strategies for integrating multimedia applications into their own instructional contexts to meet the diverse learning needs of their audience. **Prerequisite:** EDIT 603 and EDIT 608. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T20.1	Shiang-Kwei Wang	Wed. 9/6

EDIT 624–FT1 • MATHEMATICS, SCIENCE & TECHNOLOGY I—New York Institute of Technology • The candidates will examine an integrated approach to the teaching of mathematics, science and technology. Emphasis will be on designing instructional strategies using technology to support problem-solving skills, abstract and quantitative reasoning, mathematical modeling and mathematical fluency in students. Collaborative and project-based student-centered learning and assessment techniques will be the guiding principles in the course. Candidates will create strategies to coach and support teachers in the development of instructional materials to address the needs of diverse learners in the context of reflective practices. **This course requires additional laboratory and/or studio hours.** **Prerequisite:** EDIT 603 and EDIT 608. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Location	1st Class
T21.1	Mike Uttendorfer	Wed. 9/6

EDIT 626–FT1 • MATHEMATICS, SCIENCE AND TECHNOLOGY II—New York Institute of Technology • Candidates integrate mathematics, science, and technology with inquiry-based teaching and learning aligned with national and state standards. Candidates explore issues, resources, technologies and methods to create integrated MST experiences and plan effective lessons for diverse student population. Candidate will investigate appropriate assessment strategies and the application of various technologies and web resources. **Field experiences are required and integrated into the course.** 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T22.1	Stan Silverman	Wed. 9/6

EDIT 690–FT1 • ASSESSMENT AND EVALUATION METHODS—New York Institute of Technology • Candidates explore selected forms of quantitative and qualitative methodologies used for conducting needs assessment, developing technology-related professional learning programs, and evaluating the impact of instructional practice on student learning. Strengths and weaknesses of each approach will be analyzed. Candidates will learn about resources for designing, development, and complementing the evaluation and measurements of instructional interventions. Focus will be on measuring instructional effectiveness. Specific topics include: needs assessment, data collection methods, data analysis, and communication of results. Special attention is devoted to methods of assessing K-12 learning outcomes. Candidates complete the course by preparing a detailed evaluation and assessment plan to determine evidence of student learning in a specific educational context. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T23.1	TBA	Wed. 9/6

UFT EDUCATIONAL PROGRAMS FALL 2017

NYIT ONLINE – FOUNDATION/CORE COURSES continued

 **EDIT 695-FT1 • PRACTICUM AND SEMINAR—New York Institute of Technology** • This practicum and seminar will be culminating field experience for the instructional technology master's program. The practicum portion will include the NYSED minimum field-experience requirement. The experiences will expand candidate's knowledge of the field of instructional technology and his/her leadership expertise. The seminar component will require that candidates complete their electronic portfolio by reviewing, updating or creating artifacts, rationales and reflections related to experiences in the program for each International Society for Technology in Education (ISTE) National Education Technology Standards (NETS) for Technology Coaches standards. The portfolio will provide evidence for candidate's impact on student learning, and practicum experiences that meet standards for Instructional Technology Coaches as described in ISTE NETS-C. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T24.1	Melda Yildiz	Wed. 9/6

 **EDIT 663-FT1 • SOCIAL MEDIA—New York Institute of Technology** • Candidates will explore educational applications of social media tools for teaching and learning. Candidates investigate the advantages of "new social learning" and management of social media for effective implementation in P-12 learning spaces. Particular focus will be on instructional applications, cooperative learning facilitation, and the extension of learning experiences beyond the classroom. Candidates will develop projects that incorporate social media tools to enhance teaching and learning. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T25.1	Melda Yildiz	Wed. 9/6

School Counseling Graduate Programs

FOUR INNOVATIVE, CONVENIENT, CAREER-FOCUSED PROGRAMS

- M.S. in School Counseling
- M.S. in School Counseling with Bilingual Extension
- Advanced Certificate in Bilingual School Counseling
- Advanced Certificate in Student Behavior Management

ALL PROGRAMS OFFER:

- full time and part time options
- discounted tuition through the UFT
- blended format combining face to face and online classroom experiences
- small class sizes to enable relationship building with professors and classmates
- technology integration for counseling and education practices

For more information on
NYIT's School Counseling Graduate Programs,
 please contact Erin Fabian, Student Advisement Specialist
 at NYIT's School of Interdisciplinary Studies & Education,
 1855 Broadway, New York, NY 10023; 1-212-261-1529,
 or schoolcounseling@nyit.edu.

NYIT ONLINE – FOUNDATION/CORE COURSES continued

 **EDBL 603-FT3 • FOUNDATIONS I: PHILOSOPHY AND TECHNOLOGY OF EDUCATION—New York Institute of Technology** • Foundations of education focuses on the continuum of thought, framing the past, present, and future understanding of the education profession. Candidates explore the disciplines of educational philosophy, educational history, educational psychology, educational sociology, along with curricular theory, gender and cultural theory, technology-enhanced learning theory, and philosophical outlooks on the future of the education profession. Using a New Media process of research, reflection, and analysis, each candidate develops a rigorous, well documented personal philosophy of education. This philosophy initiates each candidate's web-based professional portfolio. Candidates are expected to make additions and revisions to this philosophy each succeeding semester as specified in the final portfolio requirements for the degree. **Field observations and experiences are required and integrated into the course.** 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T26.1	TBA	Wed. 9/6

 **EDLA 615-FT3 • LANGUAGE ARTS AND TECHNOLOGY—New York Institute of Technology** • Candidates examine the national and state English/Language Arts standards related to listening, speaking, reading, writing, and visual communication. Candidates explore methods, materials, and resources appropriate for cultural, ethnic, and diverse learning styles of all learners to meet the language arts and reading standards. Candidates investigate strategies for integrating technology into K-12 language arts and literacy instruction and teaching strategies appropriate to the level of instruction. Candidates apply research-based effective practices for assessing learner progress and for using technology to improve reading, writing and communication. Field experiences are require and integrated into the course. *Prerequisites: EDPC 605 and one course in this group: EDIT 603 or EDPC 603.* 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T28.1	TBA	Wed. 9/6

 **EDLI 635-FT3 • THEORY AND PRACTICE OF LITERACY INSTRUCTION—New York Institute of Technology** • Candidates review the theories and principles of student's language and literacy development from emergent to accomplished reading and writing. Candidates learn methods and strategies for teaching literacy to all learners, including those with diverse learning needs. A major premise of the course is that literacy instruction is a decision making process, grounded in research and practically based framework. Candidates must demonstrate their ability to apply teaching strategies in literacy education with early childhood, childhood or middle school learners. **Field observations and experiences are required and integrated into the course.** *This course is a prerequisite to EDLI 636 (Diagnosis and Remediation of Literacy Disorders) and EDLI 637 (Reading in the Content Areas).* 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T29.1	Hui Yin Hsu	Wed. 9/6

 **EDPC 603-FT3 • FOUNDATIONS I: PHILOSOPHY OF EDUCATION—NEW YORK INSTITUTE OF TECHNOLOGY** • Foundations of education focuses on the continuum of thought framing the past, present, and future understanding of the education profession. Candidates explore the disciplines of educational philosophy, educational history, educational psychology, educational sociology, along with curricular theory, gender and cultural theory, technology-enhanced learning theory, and philosophical outlooks on the future of the education profession. Using a New Media process of research, reflection, and analysis, each candidate develops a rigorous, well-documented personal philosophy of education. This philosophy initiates each candidate's web-based professional portfolio. Candidates are expected to make additions and revisions to this philosophy each succeeding semester as specified in the final portfolio requirements for the degree. Field observations and experiences are required and integrated into the course. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-686-1286 and mailing the "T" coupon from page 2 to the UFT with a \$50 registration fee.**

T30.1	Meesuk Ahn	Wed. 9/6

NYIT ONLINE – FOUNDATION/CORE COURSES *continued*

 **EDPC 605–FT3 • CURRICULUM DESIGN AND DEVELOPMENT—New York Institute of Technology •** Candidates design an instructional unit within a defined course of study based on the five phases of instructional systems design: analysis, design, development, implementation and evaluation. Candidates conduct a needs assessment for the learner, content, and context of their unit of instruction aligning learning objectives with national and state standards. Candidates develop performance assessment measures and incorporate instructional technologies to meet the needs of diverse learners. Issues addressed are curriculum alignment, learning theory, differentiated instruction, and design of instructional technology activities for active student engagement and inquiry. **Field experiences are required and integrated into the course.** 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-686-1286 and mailing the “T” coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T31.1	Meesuk Ahn	Wed. 9/6

 **EDPC 610–FT3 • FOUNDATIONS II: DIVERSITY, LEARNING AND TECHNOLOGY IN EDUCATION—New York Institute of Technology •** Candidates apply an understanding of diversity of student populations in PreK-12 schools. Particular emphasis is placed on research-based evidence for effective uses of assistive and instructional technology for improving student performance in national and state standards-based general-education curriculum. Candidates develop instructional materials to meet the needs and aspirations of all learners across the spectrum of culture, gender, language, and ability levels. Case studies are developed to demonstrate technology for differentiation for all learners. **Field experiences are required and integrated into the course.** *Prerequisites:* EDPC/EDIT 603 (Foundation I: Philosophy and Technology of Education); and EDPC 605 (Curriculum Design and Development). 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-686-1286 and mailing the “T” coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T32.1	Meesuk Ahn	Wed. 9/6

 **EDPC 615–FT3 • HUMAN GROWTH AND DEVELOPMENT AND LEARNING FOR EARLY CHILDHOOD, CHILDHOOD AND ADOLESCENCE EDUCATION—New York Institute of Technology •** Candidates study human growth and explore the relationship of cognitive, social, and emotional development to student learning in the early childhood, childhood and adolescence classroom. The candidates explore research and applications of learning and motivation theories, contemporary influences, and examine literacy and study skills in the area of learner development. Candidates analyze and prescribe interventions to case studies that reflect their knowledge of the developmental stages of the learner. Learner motivation and learning strategies for diverse learners are developed. Candidates investigate the impact of assessment, diversity and the integration of technology on student learning in the classroom. In addition, candidates reflect on the influences of family, school, society, historical, cultural, ethnic and socioeconomic factors on student learning. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-686-1286 and mailing the “T” coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T33.1	Minaz Fazal	Wed. 9/6

 **EDPC 691–FT3 • FIELD PROJECT—New York Institute of Technology •** This is the culminating course in the masters' courses of study. Candidates carry out an applied research project in a chosen area of expertise that demonstrates and documents the candidates comprehensively developed skills. The project synthesizes work of the degree candidates' program. The field project is based on a standards-based learner centered quantitative or qualitative design begun in the research course and refined in this course. The design demonstrates application of a range of teaching/learning methods, media, instructional technology, and integrates appropriate criteria, rubrics, and assessments. The instructional needs of diverse learners are integrated into the field design. The final report includes detailed documentation of the rationale, design, and implementation of the project followed by an evaluation and analysis of project results. Candidates are encouraged to publish their reports in professional journals *Prerequisite:* EDPC 690. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-212-261-1529 and mailing the “T” coupon from page 2 to the UFT with a \$50 registration fee.**

T34.1	Minaz Fazal	Wed. 9/6

 **EDSC 626–FT3 • MATHEMATICS, SCIENCE AND TECHNOLOGY II—New York Institute of Technology •** Candidates integrate mathematics, science, and technology with inquiry-based teaching and learning aligned with national and state standards. Candidates explore issues, resources, technologies and methods to create integrated MST experiences and plan effective lessons for diverse student populations. Candidate will investigate appropriate assessment strategies and the application of various technologies and web resources. **Field experiences are required and integrated into the course.** 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-686-1286 and mailing the “T” coupon from page 2 to the UFT with a \$50 registration fee.**

UFT Code	Instructor	1st Class
T35.1	Steve Uzzo	Wed. 9/6

 **EDPC 681–FT3 • STUDENT TEACHING—New York Institute of Technology •** Candidates participate in a full semester of student teaching in a childhood setting in a cooperating school. Student teachers are supervised by a cooperating teacher in the school and observed regularly by the college supervisor. The weekly seminar provides support and instruction for candidates who are working in the schools. Instruction focuses on technology as a tool for teachers using word processing, database and spreadsheet management. Seminar discussions focus on assigned readings and the teaching experiences of the candidates. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Registration may only be completed by calling NYIT at 1-516-686-1286 and mailing the “T” coupon from page 2 to the UFT with a \$50 registration fee.**

MASTER OF SCIENCE IN SCHOOL COUNSELING (GUIDANCE) – 48 CREDITS

NYIT SCHOOL OF INTERDISCIPLINARY STUDIES AND EDUCATION

New York Institute of Technology, in collaboration with the UFT Course Program, offers a master's degree in School Counseling nationally accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP). The program now offers 2 or 3 year completion options and consists of online, blended, and face-to-face classes. Field experience and technology are used in creative and meaningful ways, starting with the first course. NYIT schedules information sessions each spring. Successful candidates will be admitted to the fall semester.

The mission of the School Counseling master's program is to prepare culturally competent and skilled school-counseling professionals to meet the growing needs of K-12 students in today's schools. The competency-based school counseling program prepares professional school counselors to deliver comprehensive programs that promote success for all students (PreK-12) in the areas of academic, career and personal/social development. Through advocacy, collaboration and teamwork, leadership, individual and group counseling interventions and use of data and technology, NYIT school counselor candidates will be prepared to support, promote and enhance student achievement and success in school. Unique in its cross-disciplinary approach, candidates in school counseling share core courses with mental health and teacher education students.

ADMISSIONS

- ◆ Applicants are encouraged to contact the program coordinator and attend an information session. These are scheduled periodically.
- ◆ For full matriculation, applicants are admitted annually for the fall semester; however, students may begin course work the preceding summer with permission.
- ◆ College graduates may enter from a variety of backgrounds including, but not limited to: education, the helping professions, business and industry. The GRE might be required based on GPA. Please contact the department for more information.

Admission to the program has two distinct components: fulfilling the requirements for admission to the NYIT graduate program and completing of a departmental admissions portfolio. The portfolio includes three reference forms, a professional goals statement and an individual/group interview. Additional information may be found on the School Counseling website: http://www.nyit.edu/degrees/school_counseling.

PROGRAM OF STUDY

Foundation courses

- ◆ **EDCO 600** Introduction to School Counseling
- ◆ **EDCO 601** Human Development
- ◆ **EDCO 615*** Foundations of Counseling
- ◆ **EDCO 705*** Career Counseling and Lifestyles Development

**to be taken at either the Manhattan or Old Westbury campus*

Core courses

- ◆ **EDCO 620*** Group Counseling/Leadership Skills
- ◆ **EDCO 650** Social Justice, Diversity and Cultural Issues
- ◆ **EDCO 635*** Consultation: School and Community
- ◆ **EDCO 640** School Counseling Programs: Development and Implementation
- ◆ **EDCO 725** School Violence and Student Behavior Management
- ◆ **EDCO 810*** Research, Assessment and Technology
- ◆ **EDCO 835*** Educational Law, Policy and Ethics

Choose one:

- ◆ **EDCO 671** Post Secondary Transitions and College Counseling
- ◆ **EDCO 665** Special Needs Student

Practicum

- ◆ **EDCO 870*** Field Experience and Practicum

**to be taken at either the Manhattan or Old Westbury campus*

Internship

- ◆ **EDCO 730*** Internship: Academic, Career, Personal Development — Part 1 (300 hours)
- ◆ **EDCO 740*** Internship: Academic, Career, Personal Development — Part 2 (300 hours)

**to be taken at either the Manhattan or Old Westbury campus*

Select one elective course through the UFT Course Program

- ◆ **EDCO 665** The Special Needs Student
- ◆ **EDCO 680** Counseling and Cultural Competence in a Global Society
- ◆ **EDCO 685** Cultural Mediation for Counselors and Educators
- ◆ **EDCO 707*** Advanced Career Counseling
- ◆ **EDCO 709*** Advanced Studies in Work Force Development

**These courses are part of a National Certificate program in Career Development Facilitation. An additional tuition increment applies. Please read the course descriptions carefully.*

PLEASE NOTE: All NYIT school counseling courses may be used toward permanent certification.

For information, session dates and department portfolio guidelines, please contact Erin Fabian, Staff Associate at NYIT's School of Education, 1855 Broadway, New York, NY 10023; schoolcounseling@nyit.edu or 1-212-261-1529.

To contact the program coordinator, call Dr. Carol Dahir at the Manhattan campus at 1-212-261-1529, or cdahir@nyit.edu.

MASTER OF SCIENCE IN SCHOOL COUNSELING

EDCO 600 • INTRODUCTION TO SCHOOL COUNSELING—New York Institute of Technology • Candidates are introduced to the role of the school counselor and the relationship of the school counseling program to the educational mission of school. Topics addressed include: 21st century perspectives and practices for School Counseling, multicultural and diversity issues, and counseling theory as applied to children and adolescents in school settings. Initial school counseling skill development will focus on problem solution, brief counseling, and cognitive behavior approaches. Candidates will explore the school counselor's work in the context of leadership, advocacy, collaboration, consultation, coordination of services, multiculturalism and working with diverse student populations, technology and the use of data to inform decisions. *Included in this course are the modules required for the NYS Child Abuse Reporting and Prevention certificate and for Project SAVE. The course requires ten hours of field experience.* 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the "T" coupon on page 2. In addition, students MUST register with NYIT by phone: 1-212-261-1529 or email: schoolcounseling@nyit.edu.**

NOTE: This course meets face-to-face on Sat. 9/16, 10/14, 11/4, 12/2 and 12/9 at 9 a.m.-1:30 p.m.

UFT Code	Location	Day/Time	1st Class
T37.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Dan Cinotti	see NOTE	9/16

EDCO 665 • THE SPECIAL-NEEDS STUDENT—New York Institute of Technology • Candidates will become knowledgeable with an overview of the special-needs student in today's schools and with the knowledge and skills to better advocate on behalf of students and their families. Candidates will have the opportunity to explore a variety of exceptionalities to include: communication disorders, learning and emotional disabilities, mental retardation, conduct and behavioral disorders, orthopedic impairments, traumatic brain injuries, hearing and vision impairments, gifted and talented, ADD/ADHD and challenges faced by language minority students. Candidates will become familiar with the criteria for Special Education as presented in IDEA, in the NYS Part 200 Commissioner's Regulations and in Section 504 of the Vocational Rehabilitation Act. Issues of diversity and multicultural considerations will be addressed as they apply to student referral and placement within the educational setting. 3 graduate credits. Tuition is \$1,320 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the "T" coupon on page 2. In addition, students MUST register with NYIT by phone: 1-212-261-1529 or email: schoolcounseling@nyit.edu.**

NOTE: This course meets face-to-face on Sat. 9/9, 10/21, 11/11, and 12/16 at 9 a.m.-1:30 p.m.

TOURO COLLEGE

COLLEGE FAIR
Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

REGISTRATION PROCEDURES FOR "T" COURSES See page 2

TUITION IS SUBJECT TO CHANGE

The UFT Course Program has collaborated with Touro College to offer three master's programs leading to Master of Science in Education and Special Education or Master of Science in Special Education.

All of these programs have been approved by the Department of Education.

It is highly recommended that students contact Touro College to seek advisement before beginning a course of study.

IMPORTANT NOTICE:

Touro matriculated students or students who are taking courses at Touro College cannot register for these off-campus courses.

Potential candidates should be aware that since most off-campus courses end later than those on campus, a diploma may not be awarded until the semester following the completion of course work.

Tuition rates are subject to change.

MASTER'S PROGRAM

MASTER OF SCIENCE IN EDUCATION AND SPECIAL EDUCATION

Touro College, in conjunction with the UFT Course Program, is offering three master's programs leading to New York State Teacher certification in both Education and Special Education:

MASTER OF SCIENCE IN EDUCATION AND SPECIAL EDUCATION, BIRTH-GRADE 2 – 36 CREDITS

The Early Childhood program offers study of early childhood development, early intervention, and learning and teaching processes in preschool, kindergarten and primary grade levels. This program leads to NYS Initial or Professional Teacher Certification in early childhood education (birth-grade 2) and teaching students with disabilities (birth-grade 2) upon graduation from the program and completion of all NYS Education Department (NYSED) requirements, including passing grades on NYSED teacher certification examinations. NYS Professional Teacher Certification is awarded after three full years (September-June) of full-time teaching experience.

MASTER OF SCIENCE IN EDUCATION AND SPECIAL EDUCATION, GRADE 1-6 – 36 CREDITS

The Childhood program offers study of childhood development and the learning and teaching processes in grades 1-6. This program leads to NYS Initial or Professional Teacher Certification in childhood education (grades 1-6) and teaching students with disabilities (grades 1-6) upon graduation from the program and completion of all NYS Education Department (NYSED) requirements, including passing grades on NYSED teacher certification examinations. NYS Professional Teacher Certification is awarded after three full years (September-June) of full-time teaching experience.

MASTER OF SCIENCE IN SPECIAL EDUCATION, GRADE 7-12 – 42 CREDITS

The program in teaching students with disabilities at the grade 7-12 level offers study of adolescent development and learning and teaching processes, particularly as they pertain to students with disabilities at the grade 7-12 level. This program leads to New York State Initial or Professional Teacher Certification in teaching students with disabilities, generalist, grades 7-12, upon graduation from the program and completion of New York State Education Department (NYSED) requirements, including receipt of passing grades on NYSED teacher certification examinations and a three-hour workshop on autism. NYS Professional Teacher Certification is awarded after three full years (September - June) of full-time teaching experience.

PROGRAM REQUIREMENTS

General core courses

Initially, non-matriculated students must take the following five **general core courses** (15 credits) at \$600 per 3-credit course (plus a \$50 registration fee), as offered through the UFT's "T" program of study:

- ◆ **EDPN 620** Child Development and Learning in Cultural Context
- ◆ **EDSN 600** History and Philosophy of Education and Special Education
- ◆ **EDSN 640** Assessment of Individual Differences in General Education and Special Education: A Socio-Cultural Perspective

MASTER’S DEGREE PROGRAMS

- ◆ **EDSN 650** Educational Technology in General and Special Education
 - ◆ **SEDN 602** Introduction to Teaching Students with Disabilities
- Field experience/Practicum courses**
In addition to the five general core courses, students are required to complete one of the applicable **field experience/practicum courses** (3 credits) at \$600 per 3-credit course (plus a \$50 registration fee):
- For students pursuing a Master of Science in Education and Special Education, Birth-Grade 2:**
- ◆ **EDSN 682:** Field Experience and Practicum I in Early Childhood, General and Special Education, Birth-Grade 2
- For students pursuing a Master of Science in Education and Special Education, Grade 1-6:**
- ◆ **EDSN 694:** Field Experience in General Education and Special Education, Grades 1-6
- For students pursuing a Master of Science in Special Education, Grade 7-12:**
- ◆ **SEDN 675:** Field Experience in Special Education, Grades 7-12

APPLYING FOR MATRICULATION

Once students have successfully completed six courses through the UFT Course Program and met all other matriculation requirements, they may apply for matriculation to Touro College. All additional credits must be taken on campus at the tuition rate of \$1,475 per 3-credit course. **Tuition rates are subject to change.**

Requirements for matriculation to MS in Education and Special Education Programs:

- ◆ A minimum undergraduate grade point average of 3.0 (on a 4.0 scale)
- ◆ A minimum grade point average of 3.0 in the courses taken through the UFT program
- ◆ GRE exam
- ◆ An undergraduate major or its equivalent in the Liberal Arts and Sciences
- ◆ Undergraduate course work in each of the following areas:
 - ◆ English Composition (any English writing course)
 - ◆ Literature (any literature course)
 - ◆ Social Science (sociology, economics, social psychology, political science, etc.)
 - ◆ Foreign language
 - ◆ Computer Literacy (any computer course)
 - ◆ Science (biology, chemistry, physics, astronomy, etc.)
 - ◆ History (any history course)
 - ◆ Mathematics (pre-calculus, calculus, college math, etc.)
 - ◆ Speech (communication, public speaking, fundamentals of speech, etc.)
 - ◆ The Arts (music, painting, history of music, graphic design, etc.)

To schedule a matriculation appointment with Dr. Yuriy Karpov, contact Jacqueline Olivo at 1-212-463-0400 ext. 5777 or Raquel Alvia at 1-212-463-0400 ext. 5653.

GENERAL CORE COURSES continued

EDSN 640 • ASSESSMENT OF INDIVIDUAL DIFFERENCES IN GENERAL EDUCATION AND SPECIAL EDUCATION: A SOCIO-CULTURAL PERSPECTIVE—Touro College • This course focuses on assessment in general education and special education of individual differences in intelligence, learning potential, personality, motivation and school achievement; management of data from assessment and monitoring of student progress; characteristics of standardized tests; the role of educational testing in program design and informing instruction, particularly for students with disabilities, including children with autism; assessment of young children; use of achievement tests; introduction to dynamic (or interactive) assessment; differences between static and dynamic assessment; the use of teacher-made informal tests; opportunity to observe and practice the use of achievement tests and curriculum-based assessment approaches in classrooms. 3 graduate credits. Tuition is \$600 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T43.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Bonnie Strum	Sun. 9:00a-12:30p 12 sessions	9/17
T43.2	UFT Brooklyn Office 335 Adams St. Brooklyn Steve Cohen	Tues. 4:30p-7:45p 12 sessions	9/19

EDSN 650 • EDUCATIONAL TECHNOLOGY IN GENERAL AND SPECIAL EDUCATION—Touro College • This course focuses on the design and use of computers and other technological devices that facilitate communication, learning and related functions in educational contexts for children in general and special education; use of technology to foster access to curriculum for all students; technology for use in fostering literacy and remediating reading disabilities; special applications with computers in the classroom; information literacy; use of technology for children with autism; and recent developments in the field of assistive technology for students with disabilities. 3 graduate credits. Tuition is \$600 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class

FIELD EXPERIENCE

EDSN 682 • FIELD EXPERIENCE AND PRACTICUM I IN EARLY CHILDHOOD GENERAL AND SPECIAL EDUCATION, BIRTH-GRADE 2—Touro College • For the field experience component of the course, students complete 50 hours of observations in general education at the birth-preK, kindergarten or grade 1-2 level. Students also complete 100 hours of work with students with disabilities at a level not used in general education. (Inclusion classes with strong special education components are acceptable.) For the practicum component of the course, students complete an additional 20 days or 100 hours of general education at one of the three age/grade levels. (Over the course of the field experience/practicum courses, students must have experience at all three grade levels.) Actual teaching is a component of the practicum part of the course. All student teaching is done in accredited schools with the involvement of appropriately certified supervising or cooperating teachers who submit student evaluation forms during and at the conclusion of the semester. Over the course of the field experience and practicum courses, some work is done in a high-needs school or a school serving a high-needs community. Students keep time sheets of their hours and logs, in which critical incidents are recorded and analyzed, respond to questions involving young children and complete two term papers. The course includes scheduled group meetings. An assigned Touro College faculty member meets with students at their field experience/practicum sites and observes and evaluates student work with children in the school or equivalent educational setting. The faculty member and cooperating teacher evaluate both the field experience and practicum components of student work in the course. Students are advised to download the Student Guide for the practicum, available online at jdicker.webhop.org, and bring it to the first session of the course. 3 graduate credits. Tuition is \$600 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

NOTE: This course meets for three sessions: In Mahattan, 9/17, 11/5 and 12/17; In Brooklyn, 9/18, 11/6 and 12/18; in Queens: 10/5, 11/9 and 12/14. *No absences will be permitted.*

UFT Code	Location	Day/Time	1st Class
T46.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Leon Bevans	Sun. 9:00a-12:30p 12 sessions	9/17
T46.2	UFT Brooklyn Office 335 Adams St. Brooklyn 12 sessions Mary Melfi	Tues. 4:30p-7:45p	9/19
T46.3	UFT Queens Office 97-77 Queens Blvd, Queens Elizabeth Haller	Thurs. 4:30p-7:45p 3 sessions	10/5

EDSN 694 • FIELD EXPERIENCE IN GENERAL EDUCATION AND SPECIAL EDUCATION, GRADES 1-6—Touro College • Students complete 50 hours of field experience in general education at the grade 1-3 level or the 4-6 level. Students also complete 100 hours of field experience in work with students with disabilities at the level not used for general education. (Inclusion classes with strong special education components are acceptable.) All field experience is done in accredited schools with the involvement of appropriately certified supervising or cooperating teachers who submit student evaluation forms at the conclusion of the semester. Over the course of the field experience and practicum courses, some work is done in a high-needs school or a school serving a high-needs community. Students keep time sheets of their hours and logs, in which critical incidents are recorded or analyzed, respond to questions involving childhood education, and complete two term papers. The course includes scheduled group meetings. An assigned Touro College faculty member meets with students at their field experience sites and evaluates student work for the course. Students are advised to download the Student Guide for the practicum, available online at jdicker.webhop.org, and bring it to the first session of the course. 3 graduate credits. Tuition is \$600 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

NOTE: This course meets for three sessions: In Mahattan, 9/17, 11/5 and 12/17; In Brooklyn, 9/18, 11/6 and 12/18; in Queens: 10/5, 11/9 and 12/14. *No absences will be permitted.*

UFT Code	Location	Day/Time	1st Class
T47.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Leon Bevans	Sun. 9:00a-12:30p 12 sessions	9/17
T47.2	UFT Brooklyn Office 335 Adams St. Brooklyn 12 sessions Mary Melfi	Tues. 4:30p-7:45p	9/19
T47.3	UFT Queens Office 97-77 Queens Blvd, Queens Elizabeth Haller	Thurs. 4:30p-7:45p 3 sessions	10/5

FIELD EXPERIENCE continued

EDSN 675 • FIELD EXPERIENCE IN SPECIAL EDUCATION, GRADES 7-12—Touro College • Students complete 50 hours of field experience in work with students with disabilities at the grade 7-9 level and 50 hours of field experience with students with disabilities at the grade 10-12 level. Certified teachers who are enrolled in this course are required to complete 50 hours of field experience in total, 25 hours at the grade 7-9 level and 25 hours at the grade 10-12 level. (Inclusion classes with strong special education components are acceptable.) All field experience is done in accredited schools with the involvement of appropriately certified supervising or cooperating teachers who submit student evaluation forms at the conclusion of the semester. Over the course of the field experience and practicum courses, some work is done in a high-needs school or a school serving a high-needs community. Students keep time sheets of their hours and logs, in which critical incidents are recorded and analyzed, respond to questions about grade 7-12 special education, and complete two term papers. The course includes scheduled group meetings. An assigned Touro College faculty member meets with students at their field experience sites and evaluates student work for the course. Students are advised to download the Student Guide for the practicum, available online at jdicker.webhop.org, and bring it to the first session of the course. 3 graduate credits. Tuition is \$600 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

NOTE: This course meets for three sessions: In Mahattan, 9/17, 11/5 and 12/17; in Brooklyn, 9/18, 11/6 and 12/18; in Queens: 10/5, 11/9 and 12/14. *No absences will be permitted.*

CERTIFICATE PROGRAMS

COLLEGE FAIR
Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

REGISTRATION PROCEDURES FOR “T” COURSES See page 2

TUITION IS SUBJECT TO CHANGE

The UFT Course Program offers certificate programs from Brooklyn College, Mercy College and New York Institute of Technology. **These programs will NOT lead to NYS initial certification.**

STUDENTS WITH DISABILITIES EXTENSION CERTIFICATE – 12 CREDITS

BROOKLYN COLLEGE

The UFT, in collaboration with Brooklyn College, offers certified teachers the opportunity to apply to NYSED for additional Certification in Teaching Students with Disabilities. This package consists of the four course criteria required by NYSED to apply for Certification in Teaching Students with Disabilities through: Pathway: Individual Evaluation for Additional Classroom Teaching Certificate. Teachers should consult the NYSED website www.nysed.gov for additional individual requirements and deadlines.

Courses in this certificate program

- 1. CBSE 7674T** Students with Special Needs (formerly ED 750.1T)
- 2. CBSE 7676T** Learning Environments for Students with Special Needs (formerly ED 750.3T)
- 3. CBSE 7677T** Curriculum Modifications for Teaching Students with Special Needs (formerly ED 750.4T)
- 4. CBSE 7678T** Education Assessment of Young Children and Students with Special Needs (formerly ED 750.5T)

For further information regarding this certificate program, call Nancy Tinevra at Brooklyn College at 1-718-951-5448. For registration information only, call a UFT Course Program assistant at 1-212-475-3737.

NOTE: Brooklyn College tuition is subject to change.

STUDENTS WITH DISABILITIES EXTENSION CERTIFICATE COURSES

CBSE 7674T • STUDENTS WITH SPECIAL NEEDS—Brooklyn College • This course provides an investigation of the developmental nature and characteristics of young children and students with special needs. It examines the implications for classroom teachers and other professionals in areas of interpersonal interactions, interagency collaboration, and instruction. The course focuses on historical, social, and legal foundations of special education and the theories of learning and development. Influence of gender, class, language, sexuality and race/ethnicity on the construction of disability, as interpreted within and across cultures, is explored. Field experiences in school and in a variety of community settings are integrated into the course. (Formerly ED 750.1T) 3 graduate credits. Tuition is \$1,320 (NYS residents) plus \$50 registration fee and additional student fees as follows: P/T students (up to 9 credits) \$153.20; F/T students (12+ credits) \$215.70. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T51.1	Brooklyn College Academy 2201 James Hall, Bedford Ave. & Avenue H, Rm 2407 TBA	Sat. 9:00a-12:15p 12 sessions	9/16

CBSE 7676T • LEARNING ENVIRONMENTS FOR STUDENTS WITH SPECIAL NEEDS—Brooklyn College • This course offers approaches to the design, management and evaluation of optimal learning environments. It reviews methods, including behavior management, crisis intervention, group process, positive social interaction skills and peer mediation. Case studies are examined in diverse settings as a basis for analysis, discussion and interpretation of behavior within and across cultures. It helps provide the development of a reflective approach to teaching and problem-solving. (Formerly ED 750.3T) 3 graduate credits. Tuition is \$1,320 (NYS residents) plus \$50 registration fee and additional student fees as follows: P/T students (up to 9 credits) \$153.20; F/T students (12+ credits) \$215.70. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T52.1	Brooklyn College Academy 2201 James Hall, Bedford Ave. & Avenue H, Rm 2407 TBA	Sat. 1:00p-4:15p 12 sessions	9/16

CBSE 7677T • CURRICULUM MODIFICATIONS FOR TEACHING STUDENTS WITH SPECIAL NEEDS—Brooklyn College • This course offers an adaptation of general education curriculum for teaching students with special needs, including English-language learners. It explores principles, rationale and research-validated methods of instructing and assessing special populations in a variety of settings. It provides inquiry processes across all content areas, including literacy, mathematics, social studies, science and the expressive arts. Using technology for instruction, the course focuses on NYS Learning Standards and educational experiences of children and youth from diverse cultural and linguistic backgrounds. (Formerly ED 750.4T) 3 graduate credits. Tuition is \$1,320 (NYS residents) plus \$50 registration fee and additional student fees as follows: P/T students (up to 9 credits) \$153.20; F/T students (12+ credits) \$215.70. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T53.1	Brooklyn College Academy 2201 James Hall, Bedford Ave. & Avenue H, Rm 2407 TBA	Tues. 5:00p-8:00p 12 sessions	9/19

CBSE 7678T • EDUCATIONAL ASSESSMENT OF YOUNG CHILDREN AND STUDENTS WITH SPECIAL NEEDS—Brooklyn College • This course offers a critical review and use of formal and informal strategies for the assessment and evaluation of the cognitive, behavioral, social and affective characteristics of young children and school-age students with special needs. Attention is given to understanding cultural, linguistic and social factors involved in identification, placement and the academic and behavioral performance of students. The course focuses on curriculum-based assessment and collaboration with other professionals and parents. Field experiences in a variety of school and community settings are included. (Formerly ED 750.5T) 3 graduate credits. Tuition is \$1,320 (NYS residents) plus \$50 registration fee and additional student fees as follows: P/T students (up to 9 credits) \$153.20; F/T students (12+ credits) \$215.70. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T54.1	Brooklyn College Academy 2201 James Hall, Bedford Ave. & Avenue H, Rm 2407 TBA	Wed. 5:00p-8:00p 12 sessions	9/27

GIFTED EDUCATION EXTENSION CERTIFICATE COURSES

CBSE 7667T • EDUCATION OF DIVERSE GIFTED CHILDREN AND YOUTH—Brooklyn College • This course offers educational approaches for working with diverse gifted and talented children and youth; models and strategies for differentiating instruction. Focus on contemporary theories and research. Field experiences in schools and/or community settings. 3 graduate credits. Tuition is \$1,320 (NYS residents) plus \$50 registration fee and additional student fees as follows: P/T students (up to 9 credits) \$153.20; F/T students (12+ credits) \$215.70. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class
T49.1	Brooklyn College Academy 2201 James Hall, Bedford Ave. & Avenue H, Rm 2407 TBA	Thurs. 4:35p-6:15p 12 sessions	9/28

CBSE 7670T • CURRICULUM DESIGN FOR DIVERSE GIFTED AND TALENTED STUDENTS—Brooklyn College • This course offers principles, rationale, and research-validated methods for differentiating curriculum and instruction for diverse gifted and talented students, including gifted and talented students with disabilities. Inquiry processes across all content areas. Use of technology for differentiation of instruction. Approaches to the design, management, and evaluation of learning environments across a variety of settings. Collaboration with other professionals. Focus on the New York State Learning Standards and educational experiences of students from diverse cultural and linguistic backgrounds. 20 hours of field experience in a variety of schools and classroom settings. 3 graduate credits. Tuition is \$1,320 (NYS residents) plus \$50 registration fee and additional student fees as follows: P/T students (up to 9 credits) \$153.20; F/T students (12+ credits) \$215.70. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

BILINGUAL EXTENSION ADVANCED CERTIFICATE (18 CREDITS)

MERCY COLLEGE

The NYSUT/Education and Learning Trust, in collaboration with Mercy College, offers a program to prepare students for a Bilingual Extension Advanced Certificate. Only those students holding an initial teaching certification and a master's degree are eligible for this program, which may lead to professional certification, depending on your credentials. Participants must also complete field experiences at the appropriate grade level of the certificate and achieve a passing score on the Bilingual Evaluation Assessment (BEA) exam to be eligible for certification.

For descriptions of the Mercy College courses see page 9

If you have questions or need further advisement, please call Allison Gurdineer at (914) 674-7601. For more information about Mercy College admissions, please visit www.mercy.edu.

Required bilingual extension courses

- ◆ **EDUC 505*** Teaching English as a Second Language
- ◆ **EDUC 508** Theory and Practice in Bilingual Education
- ◆ **EDUC 509** Linguistics and Language Development
- ◆ **EDUC 602*** Native Language Arts and Social Studies in Bilingual Education
- ◆ **EDUC 604*** Mathematics and Science in Bilingual Education

A total of 50 hours of field experience in a bilingual setting is required in EDUC 602 (25 hours) and EDUC 604 (25 hours).

**courses offered on campus only*

For descriptions of the Mercy College courses listed above, see page 11.

STUDENTS WITH DISABILITIES EXTENSION CERTIFICATE (12 CREDITS)

MERCY COLLEGE

Students who possess a BA or BS degree and an appropriate teaching certificate may apply to the NYS Education Department for a Student with Disabilities extension certificate upon successful completion of the required course work and satisfaction of all other NYSED requirements. For further information, contact Mercy College or the NYSED.

Required core courses

- ◆ **EDUC 502** Foundations in Education for Students with Disabilities
- ◆ **EDUC 531** Methods and Materials in Teaching Students with Disabilities, Birth-Grade 6 (ONLY) or
- ◆ **EDUC 532** Methods and Materials in Teaching Students with Disabilities, Grades 7-12 (ONLY)
- ◆ **EDUC 546** Educational Assessment for Students with Disabilities
- ◆ **EDUC 548*** Principles and Strategies of Classroom Management for Students with Disabilities

**on campus*

For descriptions of the courses listed above, see page 11.

new SCIENCE, TECHNOLOGY, ENGINEERING AND MATHEMATICS FOR EDUCATORS – 18 CREDITS

NYIT

The UFT Course Program, in collaboration with New York Institute of Technology, is offering an 18-credit certificate in **Science, Technology, Engineering and Mathematics for Educators (STEM)**. This program will provide extensive background information to prepare K-12 teachers in pedagogy for integrated inquiry-based teaching and learning of STEM concepts. The STEM content will be aligned to NYS standards, differentiated for appropriate grade level to meet diverse K-12 student learning needs. The technology content will include use of tools for enhancing teaching and learning science, engineering and mathematics, including probeware, simulations, GPS applications, research tools and data collection instruments. Engineering concepts will be included in the STEM content and instructional resources to focus on designing authentic projects. Inquiry-based, project-based instruction will relate to the effects and issues requisite to developing knowledgeable citizens and consumers of STEM innovations, inventions, and applications. Assessments will determine the increase in STEM knowledge and skill for applying the concepts learned. The courses in the program are designed according to a scope and sequence beginning with elementary school and becoming increasingly complex as students proceed through the K-12 system in preparation for college and careers in STEM-related fields. This advanced certificate program will provide educators with the knowledge, skills and resources for effective STEM teaching and learning.

Required courses

- ◆ **EDIT 605** Instructional Applications of the Internet
- ◆ **EDMA 625** Mathematics, Science, Technology I
- ◆ **EDSC 626** Mathematics, Science, Technology II
- ◆ **ENG 670** Energy Technology in Perspective
- ◆ **ENVT 601** Introduction to Environmental Technology

Elective course

- ◆ One 3-credit course

Admissions Requirements:

- ◆ Bachelor's or master's degree
- ◆ NYSED initial/provisional or permanent/professional teacher certification
- ◆ 3.0 GPA

**STEM certificate credits can be applied to NYIT's Master of Science in Instructional Technology (MSIT). See program details on page 11. For general information regarding the certificate program or master's degree, call NYIT at 1-516-686-1286.*

STUDENT BEHAVIOR MANAGEMENT CERTIFICATE PROGRAM – 15 CREDITS

NYIT

The 15 credit Student Behavior Management Certificate courses are transferable to the master's degree program for students who apply and are accepted.

Student Behavior Management Certificate offers

- ◆ a 15-credit experience focused on student behavior and learning
- ◆ integrated field work that links theory with practice
- ◆ opportunities to develop important technology skills

Required courses in this certificate program:

- ◆ **EDCO 600** Introduction to School Counseling
- ◆ **EDCO 601*** Human Development
- ◆ **EDCO 650** Social Justice, Diversity and Cultural Issues
- ◆ **EDCO 665** The Special Needs Student
- ◆ **EDCO 725*** School Violence and Student Behavior Management

**offered this semester*

ADMISSIONS INFORMATION

Matriculation is required for both the Behavior Management Certificate and the master's degree program, upon completion of 6 graduate credits.

For an application to the graduate program, call 1-212-261-1529.

Additional information can be found at http://www.nyit.edu/degrees/school_counseling.

CERTIFICATE IN TEACHING 21ST CENTURY SKILLS – 15 CREDITS

NYIT

The UFT Course Program, in collaboration with New York Institute of Technology, is offering a 15-credit certificate in **Teaching 21st Century Skills**. This program is designed to prepare K-16 teachers to use technology in interdisciplinary teaching, employing authentic project-based curriculum and instruction. Taught by an instructional technology practitioner faculty, the courses are designed to address 21st century skills and are offered in a variety of formats: online, virtual, video conference, in-person symposia and professional conferences. **Candidates must hold a BA or BS degree and a NYS teaching certificate to participate.**

Highlights of the certificate

- ◆ The only New York higher education institution providing Intel® curriculum graduate courses
- ◆ Web 2.0 and 3.0 applied in Science, Mathematics, Engineering and Technology (STEM)
- ◆ Collaboration and collegial knowledge exchange in Web-based and virtual-learning environments
- ◆ Opportunity to become proficient in the use of Information Communication Technology (ICT)
- ◆ Professional development for leadership in P-16 STEM interdisciplinary curriculum
- ◆ Experience with curriculum development based on Understanding by Design
- ◆ Innovative strategies for project-based learning and critical thinking

Recommended course sequence

1. **EDIT 701** Intel® Essentials: Contemporary Issues
2. **EDIT 702** Intel® Thinking and Communication
3. **EDMA 625*** Mathematics, Science and Technology I (math focus)
4. **EDSC 626*** Mathematics, Science and Technology II (science focus)
5. **EDIT 605*** Instructional Applications of the Internet

**credits may be applied to the Master's Degree in Instructional Technology (MSIT). See program details on page 11. For general information regarding the certificate program or masters degree, call NYIT at 1-516-686-1286.*

NYIT AND THE NATIONAL CAREER DEVELOPMENT ASSOCIATION GLOBAL CAREER DEVELOPMENT FACILITATOR CERTIFICATE PROGRAM – 9 CREDITS

**NYIT/
NCDA**

Career Development Facilitator (CDF) training, offered through the National Career Development Association (NCDA), leads to a certificate of completion from the NCDA and eligibility for national certification from the Center for Credentialing in Education (CCE), a corporate affiliate of the National Board of Certified Counselors (NBCC). The NYIT CDF training program is endorsed by the NCDA.

Through your GCDF Training with NYIT you will learn to:

- ◆ Utilize the National Career Development Guidelines (NCDG) and the career development component of the ASCA National Standards, which are both frameworks for thinking about the knowledge and skills young people and adults need to manage their careers effectively; from making decisions about school to taking that first job and beyond.
- ◆ Apply career development theories and models through formal and informal assessments to help your students understand the relevance of what they are doing in school and to make better choices for their futures.
- ◆ Provide your students with easily accessible career development information, learning activities and strategies that lead to informed career decision-making and lifelong learning.

Graduate courses for the GCDF certificate

- ◆ **EDCO 705** Career Counseling and Lifestyles Development (or equivalent see Note below)
- ◆ **EDCO 707** Advanced Career Counseling
- ◆ **EDCO 709** Advanced Studies in Work Force Development

These are 3-credit graduate courses. **Please call 1-212-261-1529 for certificate program date offerings.**

NOTE: Candidates holding an MS in Counseling, or provisional/permanent school counselor certification, or who have successfully completed an equivalent introductory course in career counseling, are exempt from taking EDCO 705.

Tuition/CDF Certification

Tuition for EDCO 707 and EDCO 709 is 1,280 plus \$50 UFT registration fee per course and \$225 for the NCDA/CDF instructional materials, certification training, and the NCDA certificate of completion.

STUDENTS WITH DISABILITIES EXTENSION CERTIFICATE – 12 CREDITS

**NYSUT
COLLEGE
PARTNERS**

Certified teachers who seek an additional certification in Students with Disabilities at the same developmental level can fulfill certification requirements by taking four courses through the NYSUT/Education & Learning Trust. Those pursuing this certificate must apply on their own to the NYS Education Department. They must also pass the Content Specialty Test for Students with Disabilities and attend the mandated training in meeting the needs of children with autism.

Required courses in the four NYSED competency areas

- ◆ **EDUC 503M*** Methods and Materials in Teaching Students with Disabilities
Mercy College (*Competency area: Managing the Environment*)
- ◆ **EDUC 516*** Curricular Assessment and Behavior Management for Students with Disabilities
Mercy College (*Competency area: Assessment, Diagnosis and Evaluation*)
- ◆ **ENY 729*** Inclusion: Education for All
Adelphi University (*Competency area: Foundations of Special Education*)
- ◆ **SED 661*** Cooperative Learning for Students with Disabilities
The College of St. Rose (*Competency area: Curriculum and Instruction*)

*online course

For descriptions of the courses listed above see pages 25-27.

SUMMER 2018 PUERTO RICO INSTITUTE

Earn 6 graduate credits toward
Special Education Certification or
Gifted Education Certification

GRADUATE *Online* EDUCATION

- ♦ Registration for these courses must be conducted online at NYSUT's secure website — www.nysut.org/elt. Registration fees and tuition cost of \$800 must be paid in full following this procedure. An additional \$20 technology fee applies. Please note students will now be responsible for purchasing their own textbooks for online courses. Please see course descriptions for required text(s) or visit www.nysut.org/elt.
- ♦ To take an online course, you must have an e-mail address and access to the Internet. You will receive your enrollment key via e-mail on the first day of class; you will have 10 weeks to complete most courses (see note below). Technical help is available, should you need it. No specific software or computer capability is necessary to take an online course.

SCHEDULE AND REGISTRATION DEADLINES:

SESSION	# WEEKS	START DATE	END DATE	REGISTRATION DEADLINE
1 – Fall 2017	10	Sept. 11	Nov. 3	Midnight of Sept. 6, 2017
2 – Fall 2017	10	Oct. 2	Nov. 24	Midnight of Sept. 27, 2017
1 – Spring 2018	10	Feb. 12	April 20	Midnight of Feb. 7, 2018
Spring 2018	8	Feb. 12	April 6	Midnight of Feb. 7, 2018
2 – Spring 2018	10	March 12	May 18	Midnight of March 7, 2018
Spring 2018	8	March 12	May 4	Midnight of March 7, 2018

Note LATE starting dates. Space is limited to the first 18 participants.

ACHIEVEMENT AND GROWTH

 **EDUC 661111 • MAXIMIZING THE LEARNING ENVIRONMENT FOR INCREASED STUDENT ACHIEVEMENT AND GROWTH—SUNY Empire State College** • This course addresses the fundamental aspects of teaching and learning that are relevant for education in all grade levels and subject areas. It examines proven practices for many of the indicators on state and district-wide teacher evaluation rubrics. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy above.**

Term	UFT Code	Instructor	1st Class	Term	UFT Code	Instructor	1st Class
Fall'17	E55.1	TBA	Mon. 9/11	Spring'18	E55.3	TBA	Mon. 2/12
Fall'17	E55.2	TBA	Mon. 10/2	Spring'18	E55.4	TBA	Mon. 3/12

ADOLESCENT DEVELOPMENT

 **• ASSESSMENT FOR STUDENT LEARNING—College of St. Rose** • This course explores the current research in assessment to understand the connections among subject matter knowledge, state and national standards, and assessment in the K-12 classroom. Participants link state and national standards to curriculum and state-mandated assessments; create teacher-made tests that target different ability levels and exceptional-needs students; design and apply rubrics; and examine and develop different types of assessment tools. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy above.**

NOTE: Students who have taken BALANCED ASSESSMENT TO INCREASE STUDENT ACHIEVEMENT are not eligible to take this course.

NYSUT/ELT runs many online courses.

Please check www.nysut.org/elt for additional information.

REFUND POLICY:

**Paid tuition, less the \$50 administrative fee
will be refunded PRIOR to the first class.
Participants who cancel within the first two weeks
will be refunded half of paid tuition.**

ADOLESCENT DEVELOPMENT continued

 **EDU 661104 • THE ROLE OF DATA, ASSESSMENTS AND INSTRUCTION TO RAISE STUDENT ACHIEVEMENT—SUNY Empire State College** • This course will provide participants with a better understanding of the realities of data use and will empower users to identify and use data more appropriately to identify schoolwide priorities, inform instruction and enhance student learning. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy above.**

BILINGUAL EDUCATION

 **EDU 508 • THEORY AND PRACTICE OF BILINGUAL EDUCATION—Mercy College** • This course is designed to prepare bilingual and ESOL teachers to successfully work with language minority students in the context of bilingual/ESL programs. It includes the study of the historical, psychological, social, cultural, political, theoretical, and legal foundations of bilingual education programs in the United States. Students will examine and analyze different bilingual program models so that they may apply such knowledge to the implementation of pedagogically effective practices for second language learners using both the L1 and L2, in curriculum implementation. Communication with parents and families, concerning students' academic and social outcomes will be highlighted. In addition, the use of community resources, programs and services to effectively improve instruction in bilingual programs will be discussed. 10 hours of fieldwork required. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy above.**

BULLYING

EDU 661100 • BULLYING: PREVENTING THE PROBLEM—SUNY Empire State College • This course will explore and discuss critical perspectives on school-community relationships and has been designed to provide enough variety in the reading, activities, reflections, and discussions so that each participant should find practical value in the diversity of perspectives. The final project will be a portfolio of issues and activities that relate to a model of one's choice, combined with an action plan. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

UNY 809 • CYBERBULLYING: THE NEW AGE OF HARASSMENT—Adelphi University • Advances in technology have radically reshaped the social landscape in which students find themselves. While there are many positive aspects of living in an increasingly wired world, cyber-bullying has emerged as a growing concern for children, schools, families and society. Participants will understand what cyber-bullying is, its impact upon teaching and learning, and be able to apply strategies and solutions to cyber-bullying. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

EARLY CHILDHOOD

EDUC 513M • INTRODUCTION TO EARLY CHILDHOOD EDUCATION: FOUNDATIONS, METHODS AND MATERIALS—Mercy College • This course presents an historical overview of the foundations in early childhood education. Students study and review the process of social, emotional, cognitive, linguistic, physical and aesthetic growth and development in young children, birth through grade 2. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

GUIDANCE/SPECIAL EDUCATION

EDU 671 • ENCOURAGING STUDENT RESPONSIBILITY & DISCIPLINE—College of St. Rose • This course examines the classroom environment encountered by most teachers today. Participants explore classroom management techniques and instructional strategies that address students' social and academic needs. Specific behavioral theories are analyzed in terms of their application in the classroom and their effectiveness in developing positive interpersonal skills in students. Practical approaches to behavior issues, violence in schools, attention-deficit disorder, and inclusive classrooms are addressed in all course activities. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

Fall'17	E63.1	TBA	Mon. 9/11	Spring'18	E63.3	TBA	Mon. 2/12
Fall'17	E63.2	TBA	Mon. 10/2	Spring'18	E63.4	TBA	Mon. 3/12

SED 661 • COOPERATIVE LEARNING FOR STUDENTS WITH SPECIAL NEEDS—College of St. Rose • This course focuses on promoting student achievement and development in a collaborative learning community. Communication skills for effective teaching in an inclusive or special education setting are described, modeled and then practiced by course participants. Through the lens of cooperative learning, participants will focus on the following topics: curriculum development, planning and behavior management, instructional planning and differentiating instruction. Improving students' social competence and the acquisition of functional living skills will be explored. In addition, participants will demonstrate effective collaboration among teachers and other professionals and discover ways to establish partnerships with families and community. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

GUIDANCE/SPECIAL EDUCATION continued

SED 672 • MULTIPLE INTELLIGENCES: THEORY AND PRACTICE—College of St. Rose • This course translates the research of Howard Gardner into practical, dynamic, and motivational teaching strategies. Participants learn how Gardner derived his theory, the definitions of the eight intelligences, and how these intelligences can be developed in students at all grade levels. The course provides participants with practical strategies for awakening all of the eight intelligences, techniques for developing them, and tools to structure lessons and units that incorporate all of the multiple intelligences. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

Term	UFT Code	Instructor	1st Class	Term	UFT Code	Instructor	1st Class
Fall'17	E65.1	TBA	Mon. 9/11	Spring'18	E65.3	TBA	Mon. 2/12
Fall'17	E65.2	TBA	Mon. 10/2	Spring'18	E65.4	TBA	Mon. 3/12

UNY 706 • CREATIVE CONTROVERSY—Adelphi University • This course teaches participants how to use controversy to support the pedagogical shifts demanded by the NYS PreK-12 Common Core Learning Standards and to prepare students who are College and Career Ready in reading, writing, speaking, listening, and language use. Participants will learn how to structure academic controversies in their classroom using the Johnson's Five Step Process. This process uses academic controversy to teach students how to build content knowledge using informational texts to construct arguments based on close readings of increasingly complex texts, to shift perspectives on controversial issues, and to write reasoned reports that synthesize the best arguments from two points of view. Participants will learn how to select and use structured intellectual controversies that will increase student engagement, intellectual curiosity, motivation to learn, leadership, decision-making, communication, and conflict-management skills. Participants will increase their understanding of how to use cooperative learning with their students to teach the social skills of participation, cooperation, and consensus. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

Fall'17	E66.2	TBA	Mon. 10/2	Spring'18	E66.4	TBA	Mon. 3/12

UNY 729 • INCLUSION: EDUCATION FOR ALL—Adelphi University • This course is designed for both general and special education teachers at all grade levels. Participants learn how to build collaborative partnerships and teams and explore the rights and responsibilities of teachers in the inclusive classroom. Teachers learn strategies for assessing and working with students in the content areas and how to adapt the environment and instructional materials to create a positive learning experience for all students in the inclusive classroom. Learning to recognize characteristics of students with communication disorders, learning disabilities, mental retardation, severe and multiple disabilities, behavioral disorders and emotional disturbances, is covered in class. *This course is acceptable toward the requirements for a NYS Guidance Counselor Certificate.* 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

INNOVATION

 **EDU 661113 • DEVELOPING INNOVATORS AND INNOVATION SKILLS—SUNY Empire State College** • This course focuses on developing innovation capabilities in students by exploring the discovery skills of associating, questioning, observing, networking, and experimenting. Participants learn how to create a culture of innovation and provide learning opportunities that promote perseverance, encourage curiosity, and ignite intrinsic motivation. Participants explore resources, strategies, and ideas for designing content-based lessons that incorporate discovery skills and foster the behaviors students need to be innovation-ready. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

INSTRUCTIONAL STRATEGIES

 **EDU 661114 • INSTRUCTIONAL PLANNING, STRATEGIC TEACHING—SUNY Empire State College** • This course is designed to provide participants with instructional strategies that meet the needs of all students at all grade levels. Emphasis will be placed on misconceptions of academic failure; curriculum organization; effective instructional design; curriculum evaluation and instructional strategies that enhance and improve academic performance for all students. The following concepts serve as the basis for the design of curriculum and instruction: core concepts, essential questions, background knowledge, judicious review, strategic integration, cognitive strategies, and mediated scaffolding. Additional strategies and applications introduced in this course include rubrics, graphic organizers, LINCOS vocabulary strategy, class wide peer tutoring, note-taking, paraphrasing, summarizing, reciprocal teaching, questioning, and the Socratic Seminar. The implications of brain research and the use of technology are also components of this course. Additionally, many of the practices examined correlate with the indicators on state- and district-wide teacher evaluation rubrics, the New York State Teaching Standards, and the shifts in Common Core Standards implementation. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

LITERACY

 **EDUC 507 • APPROACHES TO LITERACY IN EARLY CHILDHOOD THROUGH ADOLESCENCE—Mercy College** • Examination and analysis of effective literacy instruction for students at all levels. This course includes the exploration of appropriate techniques for diverse learners. Techniques for continued assessment in reading, remediation, and enrichment will also be discussed. Requires practical application of methods in classroom and field assignments such as observation records, tutoring, and diagnostic evaluation and analysis. Ten hours of fieldwork required. 3 credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **EDUC 573 • LEARNING TECHNOLOGY ACROSS THE ENGLISH LANGUAGE ART CURRICULUM—Mercy College** • This is a hands-on course focusing on applications of learning technology to enhance the teaching and learning of English Language Arts as defined in the Common Core Standards. Effective use of technology for teaching the literacy skills of listening, speaking, reading, and writing to native English speakers and students who are English language learners will be discussed. Criteria for evaluating software and a variety of approaches to integration of technology into the curriculum will be explored as they apply to the age/grade level and content area of the students' teaching certificates. The course will also examine techniques to enable students to collaborate with and support other staff in their schools to develop their own skill in of technology. Ten hours of fieldwork required. 3 credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

MATH EDUCATION

 **EDC 663 • MATH MADE MEANINGFUL—College of St. Rose** • This course is designed to help participants help children learn mathematical concepts and skills, including most importantly, problem-solving skills. The course is divided into three parts. The first part provides learning theories as a base for understanding the foundations of mathematics curriculum and how children learn it. It also helps participants apply the learning theories to help children develop foundations of number sense and problem solving. The second part discusses teaching strategies for computational procedures in whole number, fractions and decimals. The third part focuses on investigation and process skills of mathematics including estimation, measurement, geometry and spatial skills. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **EDU 686 • INCREASING MIDDLE-LEVEL MATH—College of St. Rose** • This course enables participants to develop mathematics curricula which are coherent, focused on problem-solving and articulated across grade levels. Based upon National Council of Teachers of Mathematics standards, this course explores four major themes: 1. Fundamentals of mathematics; 2. Solving problems through concepts and computations; 3. Investigations and process skills; 4. Algebra and functions. Participants are able to help students develop a comprehensive understanding of mathematics and recognize its relevance to everyday life. This is an education course; it does not give credit in math. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **EDU 661116 • BUILDING MATHEMATICAL UNDERSTANDING FOR GRADES 3-5—Empire State College** • This course is intended to help those who teach mathematics in Grades 3-5 understand the mathematical content, how mathematical ideas develop, and how to implement successful teaching practices that make it more likely for students to grasp and be comfortable with mathematics. The course includes research findings on which the teaching of solid mathematics is based. It highlights teacher practices that researchers found to be associated with greater learning of mathematics and that teachers found to be relevant and vital for teaching mathematics in all grades K-12, with a focus on grades 3-5. The course aligns the Ten Principles of Thinking Mathematics, the NYS P-12 Common Core Learning Standards for Mathematics, the Standards of Mathematical Practice and the National Research Council's Strands of Mathematical Proficiency, all vital frameworks for teaching mathematics. The research behind these principles is explained with models and explanations from within multiplicative structures and discusses the implications for teaching multiplication and division, which is the essence of the work of Grades 3-5. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

must be purchased *before the class start date* directly via a bookstore of the student's choice.

MIDDLE LEVEL EDUCATION

 **EDC 679 • MIDDLE-LEVEL EDUCATION: FOUNDATIONS FOR MIDDLE YEARS—College of St. Rose** • This is an all-encompassing course that addresses myriad concerns that emerge for early adolescents as they bridge the gap between elementary school and senior high school. Delineated in the course work are robust definitions about middle-level education as a particular and unique aspect of K-12 schooling. In describing who that middle-level student is, characteristics are described, critical transformations are explained and generalizations emerge for the middle-level educator. In addition, attention is given to six critical attributes of the traditional middle school concept, including: clustering students (houses or families), core teaching teams, blocks of time, advisor/advisee program, inter-disciplinary curriculum, and a recent addition to the original elements, peer mediation. In closing, the course highlights the varied yet critical roles of middle-level advocates from teachers and parents to administrators and community leaders. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **EDU 661117 • ADOLESCENT DEVELOPMENT GRADES 7-12—SUNY Empire State College** • This course covers adolescent development as it relates to the 7-12 educational context. Topics that are covered include physical development, developmental learning theories, personal, social and emotional development, learner differences, social cognition, behaviorism, information processing, constructing and assessing understanding, and creating positive classroom learning environments. Written assignments will integrate theoretical and research-based concepts with classroom practice. 3 graduate credits. Tuition is \$820. Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

READING

 **EDU 661110 • READING ACROSS THE CURRICULUM—SUNY Empire State College** • This course provides research-based active reading comprehension strategies that participants can apply to their grade level or content area. By learning how to implement these metacognitive reading strategies, participants will be able to plan lessons more effectively. 3 graduate credits. Tuition of \$820. An additional \$20 technology fee applies. Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. **Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **UNY 717 • BEGINNING READING, PreK-2—Adelphi University** • Participants learn a variety of decoding activities in phonemic awareness, alphabetic principles, letter-sound correspondence, and phonics and word recognition. Model literacy centers where students can be independent and creative while reinforcing literacy skill building and content-area study skills are examined. Participants identify and incorporate instructional strategies and assessments into their teaching that improves student reading abilities. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

READING continued

 **UNY 801 • READING AND WRITING ACROSS THE CONTENT AREAS—Adelphi University** • This course explores research-based best practices related to the integration of reading and writing in the content areas. Areas covered include: content area literacy; strategies for interpreting five patterns of text structure; matching the reader with the text; and graphic organizers to assist students in reading, comprehending, interpreting and summarizing information. Participants develop strategies to aid in comprehension, research writing, the writing process and assessment. Additional time will be scheduled for project counseling and small-group instruction. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

SPECIAL EDUCATION

 **EDUC 503M • METHODS AND MATERIALS FOR STUDENTS WITH DISABILITIES—Mercy College** • Participants will identify strengths and discuss methods of individualizing instruction and collaboration. They will examine learning processes, lesson and unit planning across the curriculum, motivation, communication and classroom management in order to stimulate and sustain student interest, cooperation and achievement. Participants will discuss effective ways of partnering with parents and other members. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **EDUC 516M • CURRICULAR ASSESSMENT AND BEHAVIOR MANAGEMENT FOR STUDENTS WITH DISABILITIES—Mercy College** • This course is designed to develop the conceptual and technical skills required by teachers to help them implement meaningful instructional and behavioral strategies for effective learning by students with disabilities. Participants develop the professional skills necessary for the observation and assessment of behavior. Emphasis is on those instruments and assessment methods which provide direction for instructional and behavior management, including, but not restricted to, traditional psychometric instruments, curriculum-based assessment, clinical observation, interviews, norm- and criterion-referenced assessments, informal assessment measures and other alternate assessment techniques, with a consistent emphasis on the assessment of students with disabilities. In addition, students learn to plan, implement and evaluate behavior management programs for individual students in a variety of learning environments. Theoretical formulations and practical applications of behavioral techniques, especially as they apply to management and control of behavior in school, are stressed. Ethical considerations regarding behavior change procedures are discussed. Course requires 10 hours of fieldwork. 3 graduate credits. Tuition is \$820. An additional \$20 technology fee applies. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

student's choice.

STUDENT DEVELOPMENT

 **EDUC 661115 • LITERACY INSTRUCTION IN THE ELEMENTARY CLASSROOM—SUNY Empire State College** • Teaching all children to read is a critical responsibility of our elementary school teachers. In this course, participants will learn and share the knowledge and skills they will need to be highly effective elementary school teachers of literacy. The course will integrate what we have known is good teaching of literacy in the past and will expand the teachers' skills needed to meet the NYS PreK-12 Common Core Learning Standards (CCLS). The inclusion of diverse students with various needs requires teachers of today to team with other professionals to plan and create an instructional environment that teaches all students to read. 3 graduate credits. Tuition is \$820. **Tuition Includes \$20 technology fee. Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

 **EDUC 505 • TEACHING ENGLISH AS A SECOND LANGUAGE—Mercy College** • Historical, legal, theoretical and practical aspects of teaching English to learners of English as a Second Language in pre-school through 12th grade. Course content includes language acquisition theories for children and adults, as well as for students with special needs. Student language assessment, identification, academic placement, and a variety of successful instructional approaches and strategies will be explored. Classroom discussion will include effective instructional models, assessment strategies, approaches and teaching practices used in teaching all language skills, the common core standards, and recognition of the psychosocial problems involved in second language acquisition and development. 10 hours of fieldwork required. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

TEACHING 21ST CENTURY SKILLS

 **EDU 661109 • THE 21ST CENTURY CLASSROOM: HOW PROBLEM-BASED LEARNING WITH TECHNOLOGY CAN TRANSFORM STUDENT LEARNING IN THE DIGITAL AGE—SUNY Empire State College** • This practical course is designed to enable K-12 educators to synthesize newly framed requirements for highly effective teaching (APPR), the 21st Century Skills, the Common Core Standards, existing research on best instructional practices, technology use and assessment into a high-performing classroom that can transform their students' learning and ready students for college and career success in a global, digital world. This course shows educators how to create innovative but easy to implement standards-aligned, project-based learning units that integrate intuitive digital tools into daily differentiated instruction. 3 graduate credits. Tuition is \$820. Tuition Includes \$20 technology fee. **Information on textbooks and materials will be available at time of online registration. Students are required to purchase their own textbooks and materials. Tuition must be paid in full when registering online. See new refund policy on page 25.**

LIBERAL ARTS AND SCIENCES

REGISTRATION PROCEDURES FOR “T” COURSES See page 2

TUITION
IS SUBJECT
TO CHANGE

The UFT Course Program offers these courses individually for students who must fulfill their liberal arts and sciences distribution for NYS certification and for teachers who are interested in a particular discipline. The courses offer credit in the individual discipline.

Students are responsible for checking their college transcripts and relevant college catalog course descriptions to make sure they are not duplicating previously taken liberal arts and sciences courses.

CMSV students are required to fill out a non-matriculated student application (no fee) and submit evidence of a high school diploma or a college transcript. Please bring proof on the first day of class.

UNDERGRADUATE COURSES

SPANISH

CESP 101 • SPANISH FOR BEGINNERS I—The College of Mount St. Vincent • This course is designed to introduce students to the basic skills of understanding, speaking, reading and writing. It is accompanied by an introduction to the culture and civilization of Spanish-speaking countries. This course gives credit in Spanish; this is not an education course. *Formerly SPAN 101CT (SPANISH FOR BEGINNERS I.)* Limited to 20 participants. 3 undergraduate credits. Tuition is \$750 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/COURSES using the “T” coupon on page 2.**

PARAPROFESSIONAL EDUCATION

EMPIRE STATE COLLEGE

ASSOCIATE OF ARTS DEGREE 64 undergraduate credits

COLLEGE FAIR
Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED
Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

**REGISTRATION PROCEDURES
FOR “E” COURSES See page 2**

TUITION

**QUALITY PROFESSIONAL
DEVELOPMENT
WITH YOU IN MIND!**

NYSUT/ELT and the UFT Course Program are proud to bring you this NEWLY EXPANDED & ENHANCED program collaboratively designed specifically for paraprofessionals with our Empire State College partner.

USING THE CAREER LADDER PROGRAM

The UFT Course Program, NYSUT/Education Learning Trust, and SUNY/Empire State College’s Harry Van Arsdale Jr. Center for Labor Studies are collaboratively offering undergraduate courses designed specifically for paraprofessionals. Paraprofessionals can choose to take these courses to meet minimum state requirements, for personal professional growth or to continue their studies in a fully accredited program of study leading to an Associate of Arts degree.

Paraprofessionals should consult with their UFT Course Program representatives and Empire State College for details on their eligibility for an incentive program that provides tuition support, time and stipends to paraprofessionals toward their undergraduate course work.

For further information, call the NYC Department of Education Career Training Program at 1-718-935-2296 or Empire State College at 1-646-230-1274.

Once students have completed a maximum of 18 credits through the UFT/NYSUT/Empire program, they must seek academic advisement and information on the matriculation process at the college. Call Empire State College at 1-646-230-1274 to schedule an appointment. Matriculation is at the discretion of the college. Courses are limited to 25 participants; additional sessions may be available.

It is strongly recommended that students take at least two writing courses within the first six semesters, such as ENG 180 (Writing as Learning), ENG 110 (English Composition), and ENG 104 (College Writing).

FALL 2017 PARAPROFESSIONAL COLLEGE COURSES

ART 111 • TEACHING WITH IMAGE: VISUAL LITERACY STRATEGIES—Empire State College, Harry Van Arsdale Jr. Center for Labor • A picture is worth a thousand words, but we don't always know how best to use that power to help teach our students. In this course, we will explore how visual images work, how they can be used effectively in the classroom, and how art can be used as a discussion starter and springboard for projects in subjects such as history, sociology, psychology, and literature. This course is geared toward both people familiar with art and those who would like to become more comfortable with it. *This course meets the General Education requirement in The Arts.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E92.1	Queens UFT Office 97-77 Queens Blvd., Rego Park	Tues. 4:30p-6:30p 13 sessions	9/26

ART 211 • COLLEGE ART AND DRAWING—Empire State College, Harry Van Arsdale Jr. Center for Labor • This beginning course investigates various media, techniques, and subjects. It explores perceptual and descriptive possibilities and considers drawing as a developmental process as well as an end in itself. *This course meets the General Education requirement in The Arts.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E93.1	UFT Brooklyn Office 335 Adams St., Brooklyn	Mon. 4:30p-6:30p 13 sessions	10/2
E93.2	UFT Staten Island Office 4456 Amboy Road, Staten Island	Mon. 4:30p-6:30p 13 sessions	9/25

CHS 265 • CHILD AND ADOLESCENT DEVELOPMENT—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course examines theory, research, and evidence-based practice regarding the physical, cognitive, emotional, and social development of children and adolescents. *This course meets the General Education requirement in Social Sciences.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E94.1	UFT Staten Island Office 4456 Amboy Road, Staten Island	Mon. 4:30p-6:30p 13 sessions	9/25

CHS 300 • HUMAN SERVICE ETHICS—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course provides an in-depth analysis of human services ethics, application of the National Organization of Human Services (NOHS) Code of Ethics, and concepts and dilemmas specific to helping relationships. Students will examine their own personal ethics and values and relate them to those applied in the human services professions. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E95.1	UFT Staten Island Office 4456 Amboy Road, Staten Island	Wed. 4:30p-6:30p 13 sessions	9/27
E95.2	UFT Brooklyn Office 335 Adams St., Brooklyn	Mon. 4:30p-6:30p 13 sessions	9/18

CHS 302 • CHILD WELFARE—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course will examine the field of public child welfare, its historical roots and the contemporary systems that have evolved to serve the needs of children at risk. Resources and strategies for the advocacy of children in need will also be explored. *This course meets the General Education requirement in Basic Communication.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E96.1	D. 20 Office 415 89th St., Brooklyn	Wed. 4:30p-6:30p 13 sessions	9/27

EDPLI 125 • EDUCATIONAL PLANNING—Empire State College, Harry Van Arsdale Jr. Center for Labor • The purpose of Educational Planning is for each student to design and complete a program of study that will 1) fulfill degree requirements, and, 2) allow the choosing of degree-related courses of interest. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E97.1	Empire State College 500 Seaview Ave., Staten Island	Tues. 4:30p-6:30p 13 sessions	9/26

EDU 204 • CLASSROOM COMMUNICATION—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course provides participants with the skills and knowledge to understand and improve their own and their students' communication behavior. By combining theory and practical advice, this class focuses on the reasons for using certain communication and classroom instructional strategies and how to implement them. Topics cover a wide range of classroom communication issues including interpersonal and small group communication; listening skills; verbal and non-verbal communication; instructional strategies such as questioning and cooperative learning; learning styles; brain-based learning theory; and cultural awareness in the classroom. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E98.1	D. 20 Office 415 89th St., Brooklyn	Tues. 4:30p-6:30p 13 sessions	9/26

FALL 2017 PARAPROFESSIONAL COLLEGE COURSES continued

EDU 205 • CLASSROOM ASSESSMENT—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course builds knowledge about and skills in evaluating the student learning process in classroom settings. Competence in assessment is critical to quality classroom instruction. The topics and assignments for this course align with the Standards for Teacher Competence in Educational Assessment of Students and are consistent with classroom assessment approaches proposed by the New York State Education Department and the New York City Department of Education. 3 undergraduate credits **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E99.1	UFT Staten Island Office 4456 Amboy Rd., Staten Island	Thurs. 4:30p-6:30p 13 sessions	9/28

EDU 206 • INTRODUCTION TO EARLY CHILDHOOD EDUCATION—Empire State College, Harry Van Arsdale Jr. Center for Labor • This study provides an introduction to the field of early childhood education, including historical foundations, educational philosophies, basic child development strategies, and skills such as observing and recording behaviors and using developmentally appropriate practices. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E100.1	UFT Bronx Office 2500 Halsey St., Bronx	Tues. 4:30p-6:30p 13 sessions	9/26
E100.2	UFT Brooklyn Office 335 Adams St., Brooklyn	Wed. 4:30p-6:30p 13 sessions	9/27
E100.3	D. 20 Office 415 89th St., Brooklyn	Tues. 4:30p-6:30p 13 sessions	9/26

E100.5	UFT Staten Island Office 4456 Amboy Rd., Staten Island	Thurs. 4:30p-6:30p 13 sessions	9/28

ENG 180 • WRITING AS LEARNING—Empire State College, Harry Van Arsdale Jr. Center for Labor • The major goal of this course is to enable teaching assistants/paraprofessionals to produce writing products that are interesting, well-crafted and appropriate for their writing needs as students and eventual instructors to others. The course will address two key elements of writing: 1) fluency—the best use of words related to a specific topic or subject, and 2) organization—providing progression, relatedness and complete ideas in the written piece. Students learn how the elements can be applied to different styles of writing to make them clearer and more effective. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E101.1	UFT Bronx Office 2500 Halsey St., Bronx	Thurs. 4:30p-6:30p 13 sessions	9/28

FLANG 686 • SPANISH I—Empire State College, Harry Van Arsdale Jr. Center for Labor • In this course, students will develop their ability to understand spoken and written Spanish and increase their skills at expressing themselves in Spanish in limited situations. Students will listen and comprehend the alphabet, parts of the body, food items, classroom commands, names, colors, clothing, numbers from 1–1000, family members, countries, and translate short paragraphs from English to Spanish and Spanish to English. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class

UFT EDUCATIONAL PROGRAMS
FALL 2017

FALL 2017 PARAPROFESSIONAL COLLEGE COURSES continued

HIS214 • GLOBAL CIVILIZATIONS—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course is intended to provide students with an overview of the history, diversity and impact of human habitation across the entire globe. It shares with Karl Jaspers the sense that we live in a period that “requires the whole history of mankind to furnish us with the standards by which to measure the meaning of what is happening.” Three questions are central to the courses: 1) why are some countries richer than others; 2) what difference do beliefs and ideas (as opposed to material circumstances) make to human history; and 3) what impact have these differences had on the lives of the world’s peoples? *This course meets the General Education requirement in Other World Civilizations.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E103.1	UFT Staten Island Office 4456 Amboy Rd., Staten Island	Tues. 4:30p-6:30p 13 sessions	9/26
E103.2	UFT Brooklyn Office 335 Adams St., Brooklyn	Thurs. 4:30p-6:30p 13 sessions	9/28

LIT130 • AMERICAN POETRY—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course introduces students to a full range of twentieth-century American poetry. The emphasis in this course will be on the poets and their poems as well as their impact and poetry’s impact on politics/democracy. Students will be introduced to the basics of analyzing poetic form and rhythms, as well as interpretative strategies relevant for understanding an author’s individual voice and the ways in which his or her poems engage with U.S. history and ideas of the poet’s vocation in society. *This course meets the General Education requirement in Humanities.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E104.1	Empire State College 500 Seaview Ave., Staten Island	Sat. 9:00a-1:00p. 13 sessions	10/7

LSS 388 • FAMILY DEVELOPMENT—Empire State College, Harry Van Arsdale Jr. Center for Labor • Using an interdisciplinary perspective, this course is designed to provide an understanding of the concepts and theories related to transitions over the human life cycle. The concepts of continuity and change in individual and family relationships will also be explored. 3 undergraduate credits. *This course meets the General Education requirement in Social Sciences.* **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E105.1	Empire State College 500 Seaview Ave., Staten Island	Sat. 9:00a-1:00p. 13 sessions	10/7

SMT 100 • INTRODUCTION TO BIOLOGY: YOUR BODY AND YOUR HEALTH—Empire State College, Harry Van Arsdale Jr. Center for Labor • The many things that keep us healthy or make us sick are all related to the major body systems that make us who we are. In this course we will look at those systems and what happens when something goes wrong. Examples include: colds, flu and smoking. All have their effects through the respiratory system. Eating disorders, ulcers, and food allergies act through the digestive system. Our skin is a miracle substance – how does it protect us and what can go wrong? Students will leave this course with a better understanding of how our bodies work and how we can act to keep them working in the best possible way. *This course meets the General Education requirement in Natural Sciences.* 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E106.1	UFT Staten Island Office 4456 Amboy Rd., Staten Island	Tues. 4:30p-6:30p 13 sessions	9/26

LSS 389 • FAMILY STRESS AND DAILY LIVING—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course examines the theoretical, cultural, and sociological perspectives on family stress. Common family stressors that shape the daily functioning, interactions, and adaptations of families will be addressed. Risk factors that impact family functioning as well as protective and resiliency factors that assist families in the recovery from stress and adversity will be explored. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

E107.1	Empire State College 500 Seaview Ave., Staten Island	Sat. 9:00a-1:00p. 13 sessions	9/30

FALL 2017 PARAPROFESSIONAL COLLEGE COURSES continued

LSS 394 • WOMEN'S STUDIES: ECONOMICS OF THE FEMALE BODY—Empire State College, Harry Van Arsdale Jr. Center for Labor • In this course students will develop an understanding of how women’s bodies are evaluated in society across various cultures, religions, work, the economy, race, age, class, sexuality, education and other variables. Students will examine female autonomy, single and married roles involved in motherhood, housework vs. work outside of the home, myths about female labor, facts about salary differences between men and women in the twenty-first century, female activism in the United States and other factors that affect women’s lives based on social values or the lack thereof for and of the female body. 3 undergraduate credits. *This course meets the General Education requirement in Social Sciences.* **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UFT Code	Location	Day/Time	1st Class
E108.1	Empire State College 500 Seaview Ave., Staten Island	Sat. 9:30a-1:00p 13 sessions	9/30

INT 123 • INTRODUCTION TO COLLEGE LEARNING—Empire State College, Harry Van Arsdale Jr. Center for Labor • This course introduces students to the purposes, character and history of post-secondary education in the United States, particularly from the standpoint of the working adults. What does it mean to be college-educated? What does one have to do in order to acquire college-level learning? The course helps prepare students to succeed in their college experience. 3 undergraduate credits. **Required text will be announced prior to first class meeting. Use paraprofessional coupon on this page.**

UNDERGRADUATE COLLEGE COURSES

ST. FRANCIS COLLEGE

COLLEGE FAIR

Thurs., Sept. 7, 2017
4 – 6 p.m.

UFT Headquarters • 52 Broadway, Manhattan
For more details, see page 4.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

REGISTRATION PROCEDURES FOR “E” COURSES See page 2

TUITION IS SUBJECT TO CHANGE

SPECIAL PROGRAMS

INTERSCHOLASTIC SPORTS COACHING COURSES

The UFT Course Program is offering these non-credit courses, required for all coaches except certified physical education teachers and classroom teachers who qualify under the “grandfather clause.” A certified teacher in New York State, appointed by a board of education as a coach at a New York State secondary public school prior to Sept. 1, 1974, qualifies under a “grandfather clause.” *Regulations of the Commissioner of Education, section 135.4 (c)(7) (i)(c) and 135.5.*

Please contact the Public Schools Athletic League at www.psal.org for further information concerning eligibility.

REGISTRATION DEADLINE
Sept. 7, 2017

INTERSCHOLASTIC SPORTS COACHING COURSES

ATHL 101 • PHILOSOPHY, PRINCIPLES AND ORGANIZATION OF ATHLETICS IN EDUCATION • This 45-hour course examines basic philosophy and principles as integral parts of physical education and general education; state, local and national regulations and policies related to athletics; legal considerations; function and organization of leagues and athletic associations in New York State; personal standards for the responsibilities of the coach as an educational leader; public relations; general safety procedures; general principles of school budgets, records, purchasing, and use of facilities. (NOTE: this is not a course in athletic administration). **This course is required for all coaches except certified physical education teachers and classroom teachers who qualify under the “grandfather clause.”** This is a non-credit course. Tuition is \$200 plus a \$50 registration fee. **Register online or send \$50 check or money order for registration payable to UFT/ COURSES using the “T” coupon on page 2.**

UFT Code	Location	Day/Time	1st Class

IN-SERVICE COURSES

REGISTRATION AVAILABLE ONLINE THROUGH THE NYC DEPARTMENT OF EDUCATION

All in-service courses are called “P” courses. They may be used toward both the first and second salary differentials and may be credited toward the 175 professional development hours needed to maintain professional certification. A full listing of all in-service courses and registration information is available online at <http://schools.nyc.gov/teachers/asdpdp>.

For the most current information regarding registration procedures, tuition costs and beginning dates for in-service courses, contact the NYC Department of Education After School Professional Development Office at 1-718-935-4000 or via email at asdpdp@schools.nyc.gov

REGISTRATION AVAILABLE ONLINE
THROUGH THE NYC DEPARTMENT OF EDUCATION
<http://schools.nyc.gov/teachers/asdpdp>

Do not send any registration material to the UFT; follow NYCDOE Professional Development website instructions only.

SECRETARIAL COURSES FOR LICENSING

School secretaries can fulfill licensing requirements, work toward differentials and improve their knowledge and skills through the union’s credit-bearing courses designed especially for them.

Newly hired must take Office Procedures I (School Records and Accounts.). Those being hired under old process (exam) must take Office Procedures I and II.

Courses offered for school secretaries

- ◆ **EDBD 1050** School Records and Accounts (Office Systems and Procedures I) – 3 credits
- ◆ **EDBD 1060** General Education Elective: The School Secretary (Office Systems and Procedures II) – 3 credits

For more information, contact the Associate Dean of Professional Studies Dr. Allen Burdowski. To make an appointment, call 1-718-489-5324 or email aburdowski@stfranciscollege.edu.

SECRETARIAL COURSES FOR LICENSING

EDBD 1050 • OFFICE SYSTEMS AND PROCEDURES I • This course provides students with an understanding of the essential responsibilities of the school secretary in today’s New York City Department of Education. Secretaries gain a thorough understanding of the structure and organization of the Department of Education, as well as familiarity with the latest programs, guiding principles and systems that impact upon the school secretary’s responsibilities. Topics include: effective records management, current computer programs, obtaining employment as a school secretary, and effective oral and written communication. *This course meets the New York City Department of Education license requirement for credit in School Records and Accounts. 3 undergraduate credits. Tuition of \$560 includes a \$50 registration fee. Register online at www.nysut.org/elt. See registration instructions on page 2.*

UFT Code	Location	Day/Time	1st Class
E110.1	UFT Headquarters 52 Broadway, near Wall Street, Manhattan Sheron Cudjoe	Wed. 4:45-8:00 13 sessions	9/27

UFT WORKSHOPS

One of the many challenges facing the teaching profession is learning to deal with the tensions of a classroom environment. The Stress Management Program has been created by the UFT Course Program to aid teachers in dealing with these pressures, both at school and at home.

Workshops are offered free to all UFT members. Register online or use the coupon on this page to enroll; submit a *separate* coupon for *each* workshop.

For further information, call a UFT Course Program assistant at 1-212-475-3737.

NO CONFIRMATIONS OR REMINDER NOTES WILL BE SENT. Please make a note of the workshop(s) you registered for.

STRESS MANAGEMENT WORKSHOPS			
CONQUERING STRESS — A MOVEMENT WORKSHOP • This yoga-oriented workshop is designed to offer teachers the tools to help them physically adapt to stressful classroom situations. Specific body issues such as headaches, low back pain, tightness in the neck and shoulders and general anxiety can benefit from targeted exercise. Beginning with a gentle warm-up, teachers learn to deal with stress using the Bartenieff Fundamentals: yoga-stretching, deep breathing and concentration (focus). <i>Wear comfortable clothing and bring a mat or towel.</i> This course is free to UFT members. Register online or use the Stress Management coupon on this page.			
UFT Code	Location	Day/Time	1st Class

STRESS MANAGEMENT WORKSHOPS continued			
LIVING AND WORKING WITH OPTIMISM • Research has shown that optimism is a powerful predictor of success in both work and life. In this interactive workshop, participants learn strategies and master techniques to see setbacks as challenges and stay optimistic during stressful times. Participants practice reframing negative thinking beliefs into positive ones and creating their own “optimistic-thinking roadmap,” utilizing positive self-talk, thought patterns, body scanning and affirmations. These techniques can be utilized in the classroom and in daily life as well. This course is free to UFT members. Register online or use the Stress Management coupon on this page.

CTLE hours
provided

NOTE: On the date of the workshop please see lobby security at the course location for the exact room number. Picture ID is required of all participants.

UFT Vice President for Elementary Schools Karen Alford has scheduled the workshops below for UFT members in elementary schools. They are offered to elementary school teachers who wish to upgrade their teaching skills. **These courses are NOT for college credit. Professional development and CTLE hours will be available.** All workshops are held at UFT Headquarters, from 4:00 p.m. to 6:00 p.m.

NEW REGISTRATION PROCEDURE:

Registration by mail is no longer available.
Register online visit www.uft.org/learnuft.

There will be no walk-in registration.

ELEMENTARY WORKSHOPS

IT'S A BOY THING! DO YOU UNDERSTAND IT? (PRE-K-5) • “Boys and girls learn differently because they are wired differently. In this interactive workshop, learn how to create activities and environments that meet the needs of all children to ensure their success. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/5

DEVELOPING AN EMPATHETIC CLASSROOM (K-3) • Building a classroom culture that focuses on the whole child is the aim of this workshop. We will explore the social emotional needs of young learners and strategize ways to nurture students to be empathetic thinkers and problem solvers. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/12

IMPACT OF INTIMATE PARTNER VIOLENCE (IPV) ON CHILDREN • Participants will develop an understanding of how Intimate Partner Violence (IPV) affects children in the short and long-term, and develop best practices for working with children affected by witnessing IPV in their homes. Systemic responses and best practices for working with those experiencing IPV will be addressed and the concepts of trauma, trauma informed care and vicarious trauma will also be introduced. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/26

GETTING IT DONE: Mastering the Art of Time Management and Achieving Your Goals • In this session, participants will examine the relationship between attitude, goals, and action. Opportunities will be provided to create a plan for success and to receive feedback on that plan. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	11/2

NEXT STOP: GEOMETRY AND MEASUREMENT (K-5) • Let's take geometry and measurement to the next level! More than just recognizing shapes, Geometry stations can be an avenue for creative exploration and language development. Participants will differentiate measurement and geometry activities to meet the needs and interests of students. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	11/30

ELEMENTARY WORKSHOPS continued

THE MANY FACES OF OUR FAMILIES (K-3) • Many early grade social studies units focus on students and their families. In this interdisciplinary workshop, through literacy and art integration, participants will create self and family portraits using simple art supplies. You will walk away with simple artist techniques that will help everyone feel successful. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	12/7

SOCIAL AND INTERACTIVE STUDIES • Stuck on trying to find what to do to teach social studies? Make it fun and interactive through read alouds, centers, play and classroom routines! In this workshop you will use the Social Studies Scope and Sequence and the CCLS to “make and take” ideas to bring back to the classroom. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	12/21

MIDDLE SCHOOL WORKSHOPS

NEW!
CTLE hours
provided

NOTE: On the date of the workshop please see lobby security at the course location for the exact room number. Picture ID is required of all participants.

UFT Vice President for Middle Schools Richard Mantell has scheduled the workshops listed below. Please read each class description carefully. These workshops are offered to all Middle School members. **These courses are NOT for college credit. Professional development and CTLE hours will be available.** All workshops are open to any and all educators who wish to upgrade their instructional skills or participate in professional dialogues concerning their career.

NEW REGISTRATION PROCEDURE:

Registration by mail is no longer available.
Register online visit www.uft.org/learnuft.

There will be no walk-in registration.

MIDDLE SCHOOL WORKSHOPS

EFFECTIVE CLASSROOM STRATEGIES (PART I) • This session will allow participants to discuss and utilize online structures to create an effective classroom environment for teaching and learning. Educators will deepen knowledge of current instructional practices, such as, norms, protocols, routines and rituals. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Wed. 4:00p-6:00p 1 session	9/27

EFFECTIVE CLASSROOM STRATEGIES (PART I): RESTORATIVE PRACTICES • This session will allow participants to experience the “circling” process to promote critical thinking and positive community relationships. Educators will be given researched-based tools to implement and sustain this new initiative in behavior management. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/12

HEADING DOWN THE PATH THE RESILIENCE: MINDFULNESS AND MEDITATION • In this session, participants will explore connections between students who experience traumatic events and how it shapes their behaviors and thinking. Educators will consider their role in building resilient students who are well adjusted socially and emotionally. Participants will practice the art of mindfulness and meditation and plan to use those strategies in their classrooms. [Register online at www.uft.org/learnuft](http://www.uft.org/learnuft).

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/26

MIDDLE SCHOOL WORKSHOPS continued

THE LANGUAGE OF MATH; SUPPORTING ELLs AND REMOVING ROADBLOCKS TO LEARNING • In this session participants will engage in language strategies to support ELLs in the mathematics classroom. Educators will discuss the needs of ELL students based on proficiency levels. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	11/9

PROJECT-BASED LITERACY: BUILDING LANGUAGE SKILLS IN ELL STUDENTS • In this session participants will engage in the 21st Century Skills: Critical Thinking; Communication; Creativity; Communication (4C's) to create projects that support ELL students with language acquisition. **Register online at www.uft.org/learnuft.**

FINDING THE MIDDLE PASSAGE: CREATING CONTEXT THROUGH THE ARTS • In this session, participants will engage in immersive theatre and utilize visual arts to experience the Middle Passage. Educators will analyze how this historical event connects to legacy across United States and Western Hemisphere via an inquiry based approach. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	12/14

HIGH SCHOOL WORKSHOPS

NEW!
CTLE hours
provided

UFT Vice President for Academic High Schools Janella Hinds and UFT Vice President for Career and Technical Education High Schools Sterling Roberson have scheduled the workshops below. They are open to educators who wish to improve their practice and participate in professional dialogue about education. Some are specifically tailored to UFT members working in high schools; others are for both middle and high school educators. **These workshops are NOT for college credit. Professional development and CTLE hours will be available.** Please read the class descriptions carefully.

NEW REGISTRATION PROCEDURE:

Registration by mail is no longer available.
Register online visit **www.uft.org/learnuft**.

There will be no walk-in registration.

NOTE: On the date of the workshop please see lobby security at the course location for the exact room number. Picture ID is required of all participants.

HIGH SCHOOL WORKSHOPS

DESIGNING COHERENT INSTRUCTION: (Component 1E) • Coherent unit and lesson planning reflects the educator's knowledge of content, intended instructional outcomes, and an awareness of student needs. In this workshop, participants will learn a variety of techniques educators can use while planning to ensure the greatest student outcomes. Topics to be explored are: differentiating lessons and units, allowing for student choice in instruction, and grouping strategies. Emphasis will focus on strategies educators can use for effective planning, as well as ways in which educators can plan smartly to reduce the often tedious nature of crafting individual lesson plans. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/5

TESTING ACCOMMODATIONS FOR PARAPROFESSIONALS AND TEACHERS OF SWD • Do you know the New York State regulations regarding testing accommodations and modifications for Students with Disabilities? This workshop will focus on responsibilities and expectations for proctors of state and local assessments. Correct implementation is beneficial not only to the student taking the assessment, but for the person administering the accommodations. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Wed. 4:00p-6:00p 1 session	10/11

HIGH SCHOOL WORKSHOPS continued

CREATING AN ENVIRONMENT OF RESPECT AND RAPPORT (Component 2A) • Could your classroom management strategies use some adjustment? This workshop focuses on proactive classroom management techniques that may be put to use immediately in the classroom. Some of the topics to be reviewed include: promoting accountable talk, the use of physical proximity and promoting fairness in the classroom. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	10/12

CREATING A CLASSROOM TEAM: PARAPROFESSIONAL AND TEACHER WORKING TOGETHER • Now more than ever, we have students with varying needs which require multiple adults to be in the classroom. This workshop is designed to show teachers and paraprofessionals how to collaborate together to use best practices, and to draw on each other's knowledge and expertise to create a successful classroom environment. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Wed . 4:00p-6:00p 1 session	10/25

USING ASSESSMENT IN INSTRUCTION (Component 3D) • Participants will become familiar with innovative and engaging student-centered assessment strategies. We will explore methods of checking for understanding designed to both challenge students as well as meeting their learning targets. Additional topics to be discussed include: student-friendly rubrics, providing quality feedback, and developing methods of student self-assessment. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	11/2

USING GOOGLE APPS FOR EDUCATORS • When used properly, technology can enhance instruction, promote student learning, and cultivate a classroom and respect and engagement. In this workshop, participants will learn the ways in which the Google Apps for Education can be used to facilitate classroom collaboration, streamline parental engagement, and bring dynamism to your everyday instruction. Participants will learn how to access the cloud, create and share files, as well as collaborate on projects with colleagues and students. **You must have an active Gmail account to participate in this workshop. Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	11/16

ENGAGING STUDENTS IN LEARNING — USING 21st CENTURY TECH (Component 3C) • Student engagement in learning is the centerpiece of a successful classroom. This workshop will address ways in which teachers can promote critical thinking and analysis in a manner that is both engaging and rigorous for students. Particular attention will be paid to the strategies teachers can use that incorporate standards in a seamless and practical manner across all disciplines. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	11/30

USING QUESTIONING AND DISCUSSION TECHNIQUES (Component 3B) • Questioning is at the heart of teaching and learning. This workshop will focus on ways educators can refine their questioning techniques to create a more student-centered classroom. We will also discuss strategies designed to differentiate content and ways for educators to help students generate their own questions. **Register online at www.uft.org/learnuft.**

Location	Day/Time	1st Class
UFT Headquarters 52 Broadway, near Wall Street, Manhattan	Thurs. 4:00p-6:00p 1 session	12/7

MANDATED WORKSHOPS

FOR NEW EDUCATORS

To help you fulfill NYC Department of Education requirements for staff development and licensure, UFT Educational Programs offer a variety of workshops and seminars especially for new teachers:

CHILD ABUSE RECOGNITION AND REPORTING

CHILD ABUSE RECOGNITION AND REPORTING

The New York State Education Department requires all educators who are seeking initial or professional state certification to take a workshop in how to recognize and report suspicion of child abuse. It covers definitions of child abuse, indications that it has happened, and which procedures you should follow if you suspect that one of your students has been abused. This workshop is a one-day, two-hour session and meets requirements for NYS certification. All workshops begin promptly at the starting times stated below. **New York State mandates that you must be present at the start of the workshop in order to receive the state certification. No late admission will be permitted.** Bring a picture ID and allow additional time to pass the security check.

The UFT offers this workshop to its members for a \$25 fee, payable in non-refundable check or money order (made payable to UFT/Child Abuse); non-members pay \$50 in non-refundable money order only. Use the CHILD ABUSE RECOGNITION coupon on this page. UFT members may Register online at www.uft.org/learnuft. For further details, contact a UFT Course Program assistant at 1-212-475-3737. NO CONFIRMATION LETTERS ARE SENT. It is essential that you keep a record of your first choice. If you do not hear from us, you are registered for your first choice.

NOTE: For an updated schedule of additional workshops, please access www.uft.org.

VIOLENCE PREVENTION

VIOLENCE PREVENTION WORKSHOP SCHEDULE

All teachers applying for NYS certification must take this state-mandated two-hour workshop. School staffers can use techniques and practical approaches to avoid and defuse violent situations in school. This workshop gives participants an understanding of the dynamics of assaultive, aggressive behavior and tools to avoid becoming victimized in school. *This workshop meets the violence prevention training requirement of the NYS Education Department for state certification.* Enrollment is limited to 35 participants. For further information, call 1-212-701-9413.

The UFT offers this workshop to its members for a \$25 fee, payable in non-refundable check or money order; (made payable to UFT); non-members pay \$50 in non-refundable money order only. UFT members may Register online at www.uft.org/learnuft. All fees, payable to the UFT, are NON-REFUNDABLE. Mail-in registration must be received at the UFT Headquarters at least two weeks prior to workshop date. You will receive a CONFIRMATION of your registration.

NOTE: Participants are asked to arrive a half-hour before the workshop begins. Please check the *New York Teacher* for any additional workshops – or possible schedule changes.

DIGNITY FOR ALL STUDENTS ACT (DASA)

TRAINING IN HARASSMENT, BULLYING, CYBERBULLYING, AND DISCRIMINATION IN SCHOOLS: PREVENTION AND INTERVENTION

DIGNITY FOR ALL STUDENTS ACT WORKSHOP SCHEDULE

All NEW teachers and school-related professionals applying for NYS certification must take this state-mandated workshop. The goals of this workshop are to: • Understand the intent, components and operational definitions of the Dignity Act • Develop sensitivity to the experience of specific student populations • Understand how school climate and culture have an impact on student achievement and behavior • Understand bullying, harassment and discrimination, including indicators, early warning signs, prevention and intervention and how to interact with families of victims and aggressors • Understand diversity and multi-cultural environments and examining your own biases. *This workshop meets the Dignity for All Students Act (DASA) training requirement of the NYS Education Department for state certification.* Enrollment is limited. For further information, call 212-701-9413. The UFT offers this workshop to its members for a \$50 fee for pedagogues and \$25 fee for paraprofessionals, payable in check or money order; (made payable to UFT); non-members pay \$100 in money order only. UFT members may Register online at www.uft.org/learnuft. All fees, payable to the UFT, are NON-REFUNDABLE. Mail-in your registration as soon as possible. Classes fill up quickly. You will receive a CONFIRMATION of your registration.

NOTE: Participants are asked to arrive a half-hour before the workshop begins. LATECOMERS WILL NOT BE ADMITTED. Please check the *New York Teacher* for any additional workshops — or possible schedule changes.

Peer Intervention Program

Personalized support for tenured teachers

The Peer Intervention Program (PIP) helps tenured teachers to:

- strengthen their performance
- enhance their skills and knowledge
- think critically about how to improve their practice

The UFT, in partnership with the NYCDOE, created PIP to support eligible teachers grow in their profession. Participants in PIP will receive one-on-one support from an experienced colleague for up to one year. PIP tailors its support to each individual's needs and strengths.

Participation in PIP is non-evaluative, voluntary and confidential.

The goal of PIP is to help teachers become more effective in their practice and to provide the best education for the students of New York City.

**Apply online at www.uft.org/pip
or call 212-844-0600**

MEMBER ASSISTANCE PROGRAM

MAP provides short-term counseling to in-service UFT members for work-related and personal issues.

Professional mental-health staff is available for confidential and free services.

What services does MAP provide?

- **In-office scheduled MAP appointments available:**
 - ◆ Short-term individual counseling
 - ◆ Peer support group for bereavement
- **Referrals to appropriate outside services including:**
