

Posting Template for Targeted Credit Recovery during Professional Period

Position: Targeted Credit Recovery Teacher for a maximum of 8 students per year (in lieu of a professional activity assignment for the school year)

(I Learn can be used for this purpose only if agreed to through School-Based Option process)

Eligibility: High School teachers with certification in the subject areas needed.

Selection Criteria:

- Experience in teaching course(s) for which targeted credit recovery is needed preferred.
- Schools can indicate a preference (not requirement) to select applicants with a minimum number of years of experience and/or particular ratings as part of the posting for this position.

Duties and Responsibilities:

- Consistent with the attached addendum, provide students determined eligible by the school's credit recovery panel with targeted, intensive assistance in the specific content area that a student did not master so that a student may master that particular portion of the course.
- Meet with eligible students, not more than 8 per school year on an as needed basis, as determined by the teacher, in lieu of the teacher's professional activity period to;
 - Determine and monitor student progress throughout the course, to ensure the student masters the content of the course not previously mastered;
 - Determine if the student mastered the remainder of the original course content and award the final grade
 - Ensure students taking a science credit recovery class will fulfill a laboratory component by making arrangements for the student to fulfill the labs related to the material not previously mastered.

Selection from qualified applicants in accordance with the collective-bargaining agreement
