SPECIAL EDUCATION
COMPLAINT FORM

The goal of the special education complaint process is to make sure students have the supports and services they need to succeed. To support this goal, we are asking you to tell us how the issue you are reporting affects student progress. **We also want to know if you are receiving the professional development you need and whether your Borough Field Support Centers and/or Superintendents are implementing special education requirements.** We will continue to use the information you provide to track trends and facilitate problem solving around special education issues.

Once we receive the complaint, a UFT Liaison to the Division of Specialized Instruction and Student Support will review it. You will receive a call or an email to verify the information and obtain additional details including student-specific information. We will then work with you to determine the appropriate mechanism for resolving the issue. **We will not share your name or any information on this form with administrative, supervisory or managerial personnel in the Department of Education without your approval.**
