READ CAREFULLY

All teachers seeking to matriculate in any college's master's degree program must apply directly to the college, meet all requirements and be accepted by that college.

Each college has discretion over which courses, if any, will be accepted toward one of its master's degrees, and also how many courses students are required to take on campus.

A college may or may not accept UFT-sponsored courses that are not part of a particular master's degree program. Be sure to check with the college so that your efforts are not wasted.

The master's degree descriptions listed here are presented to highlight each particular program's requirements, but are not meant to substitute for the college's own catalog.

It is highly recommended that you obtain a college catalog for admission policies and procedural information.

HOW TO GET IN TOUCH

The UFT Educational Programs, including NYSUT/ELT and the UFT Course Program, are located at 52 Broadway (near Wall Street), New York, NY 10004. Please direct all mail and inquiries to that location.

You can also call 212-475-3737 and ask to speak with a NYSUT/ELT or UFT Course Program assistant. Please have the following information ready when you call: UFT code, title and location of your course.

For specific information on degree or certificate programs, please consult the college's catalog and call the contact person listed at the UFT Course Program, NYSUT/ELT or the participating college.

NOTE: All courses, locations, dates, times and tuitions may change without notice. The UFT Course Program strives to offer the most current information available before each issue's publication deadline, but cannot be held responsible for any later changes.

IMPORTANT NOTICE REGARDING DEGREE & CERTIFICATE PROGRAMS

Descriptions of degree and certificate programs have been provided to the UFT Course Program by the collaborating colleges or universities. Any problems, issues or concerns regarding this information or your academic status must be addressed there and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

Promoting Professionalism

UFT Educational Programs lead the way

When it comes to expanding the knowledge and skills of UFT members, no one does it better than the UFT Educational Programs. They include:

- ▶ UFT Teacher Center.
- ▶ NYSUT Education and Learning Trust.
- ▶ UFT/Department of Education Peer Intervention Program.
- ▶ UFT Stress Management Workshops (Spring and Fall semesters only).
- ▶ UFT TeacherLine.
- ▶ Mandated Workshops on:
 - Child Abuse Recognition.
 - The Needs of Children with Autism.
 - Violence Prevention.
 - Dignity For All Students Act (DASA): Training in Harassment, Bullying, Cyberbullying, and Discrimination in Schools: Prevention and Intervention

The NYSUT Education and Learning Trust and the UFT Course Program offer a wide variety of no-nonsense, hands-on, credit-bearing courses taught by savvy classroom teachers at sites citywide. These courses can be used to meet state certification, to achieve salary differentials or to enhance your professional growth.

The UFT Teacher Center also has school-based consultants who provide day-to-day professional support in schools throughout the city. Through local resource centers full of instructional materials, they work with individual UFT members as well as with programs and entire schools, providing workshops, planning sessions, coaching and other support activities.

New York State requires all teachers who are seeking initial certification to take four workshops. One is on recognizing the signs

of child abuse and learning how to report it; another is on preventing violence in schools; the third is on the needs of children with autism; and the fourth is on prevention and intervention against bullying. Visit www.uft.org for workshop scheduling.

Knowing how tough it can be getting through a day in our schools, the union's Stress Management Workshops provide tuition-free courses for members (*Fall and Spring semesters only*).

Finally, the union worked long and hard with the NYC Department of Education to create the Peer Intervention Program through a section in our contract. PIP helps tenured, appointed teachers improve their classroom skills with confidential, one-on-one assistance in participants' own schools. Admission is by application only. See page XX for details.

IMPORTANT NOTICE TO ALL TEACHERS APPLYING FOR NYS INITIAL CERTIFICATION

In addition to other regulations, the state requires teachers to attend workshops on:

- ▶ Child Abuse Recognition And Reporting (two hours)
- ▶ The Needs of Children With Autism (three hours)
- ▶ Violence Prevention (two hours)
- ▶ Dignity for All Students Act (six hours)

Getting Credit

Here are answers to several common questions the UFT Course Program receives:

- ▶ If you are in a master's or doctoral program, you should check with your college to verify that it will accept particular courses in this educational supplement for credit toward your degree.
- ▶ Only the NYS Education Department can tell you which of these courses will meet your individual certification requirements. Although the state has approved all of these courses, that does not mean that every course will satisfy your particular requirements, so we urge you to contact the State Education Department at 518-474-3901 or TCERT@mail.nysed.gov.
- ▶ The NYS Education Department often updates certification requirements. Most classroom teaching certificates require three semester hours in methods of teaching reading. Many require additional semester hours in teaching literacy skills. Each individual evaluation form will give the amount of literacy course work required beyond the three semester hours needed in methods of teaching reading. You may select reading courses listed in this catalog.
- ▶ Although all of these graduate-level courses carry college credit, courses offered by the UFT Course Program do not, in and of themselves, lead to a graduate degree, with these exceptions:

MERCY COLLEGE

MS in Education
MS in Teaching Literacy
MS in Teaching TESOL

NEW YORK INSTITUTE OF TECHNOLOGY

MS in Childhood Education, Grades 1-6
MS in Instructional Technology

It is important to note that students must apply formally to the college, meet all requirements, and be accepted for matriculation into the college's master's degree program.

Master's Degree Programs

READ CAREFULLY

All teachers seeking to matriculate in any college's master's degree program must apply directly to the college, meet all requirements and be accepted by that college. A college has sole discretion over which courses, if any, will be accepted toward one of its master's degrees, and also how many courses you are required to take on campus. A college may or may not accept UFT-sponsored courses that are not

part of a particular master's degree program. Be sure to check with the college so that your efforts are not wasted. The master's degree descriptions listed here are presented to highlight each particular program's requirements, but are not meant to substitute for the college's own catalog.

It is highly recommended that you obtain a college catalog for admission policies and procedural information.

PROOF OF IMMUNIZATION REQUIRED

Students born on or after Jan. 1, 1957 are required to provide the college with proof of immunization from measles, mumps and rubella by the start of classes.

MERCY COLLEGE

Students who are matriculated in any Mercy College program are not eligible to take a course through NYSUT or UFT.

Descriptions of these degree and certificate programs have been provided to the UFT Course Program by the collaborating college or university. Any problems, issues or concerns regarding this information or your academic status must be addressed there, and not to the UFT. The UFT Course Program does not grant credit; only the collaborating colleges and universities can do so.

NOTE ABOUT CERTIFICATION

Upon completion of the dual certification program in Literacy, Mercy College will recommend candidates for New York State certification in both Literacy, Birth-Grade 6, and Literacy, Grades 5-12.

ELT is not responsible for reimbursement of tuition for students who register for the same course twice.

The NYSUT Education and Learning Trust, in collaboration with Mercy College, invites you to participate in a 15-credit (maximum) program designed to lead to one of several different Master of Science in Education degrees from Mercy College as well as certification from the New York State Education Department. These courses may lead to a Master of Science degree and certification in one of the following programs:

- ◆ **Master of Science in Early Childhood Education, Birth-Grade 2**
- ◆ **Master of Science in Childhood Education, Grades 1-6**
- ◆ **Master of Science in Adolescence Education, Grades 7-12**
- ◆ **Master of Science in Teaching English to Speakers of Other Languages (TESOL)**

Program participants have an opportunity to earn up to 15 education credits and apply successfully completed courses toward a Mercy College master's degree. NYSUT/ELT offers these courses as part of a diverse degree program. Tuition for graduate courses is \$1,370 per 3-credit course. **A discount of 40% is applicable to active dues-paying UFT/NYSUT members (currently \$822), which includes a \$50 registration fee.** There will be a \$50 administration fee for cancelling your participation in a class. Students will be charged 2 weeks prior to the start of class.

Be mindful: New York State regulation (effective Fall of 2016) requires that all graduate schools of education use a standardized test as part of the admission process. If you are planning to matriculate into a Graduate Education Program, you will have to take the Graduate Record Examination (GRE) in order to meet this new regulation.

Once students matriculate into Mercy College, the remaining course work must be completed at one of the Mercy College campuses: Bronx, Manhattan, Dobbs Ferry or Yorktown, N.Y. In addition, courses may not be taken simultaneously through the UFT and at Mercy College.

On-campus reduced tuition rate

Students who enter the NYSUT/ELT master's program at Mercy College are entitled to a one-third tuition scholarship, based upon the existing tuition rate. Currently, students who are entitled to this reduced tuition rate are paying \$1,612 per 3-credit course. **Tuition rates are subject to change by the college.**

NOT ALL LISTED COURSES APPLY TO EACH MASTER'S DE-

IMPORTANT INFORMATION:

ELT is NOT responsible for reimbursement of tuition for students who register for any Mercy courses if they meet any of these criteria.

ADOLESCENT DEVELOPMENT

ONLINE CURI 6502 • ADOLESCENT LITERACY GRADES 7-12—Empire State College • This course is designed for classroom teachers in grades 7-12 as well as individuals interested in adolescent literacy. As the course progresses, students will take an in-depth look at what adolescent literacy looks like in the 21st century American classroom, including increased awareness of Common Core Standards as they apply to content area literacy instruction. INNOVATION

ONLINE CURI 6504 • BUILDING MATHEMATICAL UNDERSTANDING FOR GRADES 3-5—Empire State College • This course is intended to help those who teach mathematics in Grades 3-5 understand the mathematical content, how mathematical ideas develop, and how to implement successful teaching practices that make it more likely for students to grasp and be comfortable with mathematics. The course includes research findings on which the teaching of solid mathematics is based. It highlights teacher practices that researchers found to be associated with greater learning of mathematics and that teachers found to be relevant and vital for teaching mathematics in all grades K-12, with a focus on grades 3-5. The course aligns the Ten Principles of Thinking Mathematics, the NYSP-12 Common Core Learning Standards for Mathematics, the Standards of Mathematical Practice and the National Research Council's Strands of Mathematical Proficiency, all vital frameworks for teaching mathematics. The research behind these principles is explained with models and explanations from within multiplicative structures and discusses the implications for teaching multiplication and division, which is the essence of the work of Grades 3-5. **Students are required to purchase their own textbooks and materials (information will be available at time of online registration).** 3 graduate credits.
